

\$2 A Day Boost Urged For B.C., Alberta Miners

Way Cleared For Early Start On Pat Bay Highway

A faster highway link between Victoria and Patricia Bay airport will be constructed without delay by the provincial and Dominion governments, Premier Byron Johnson announced here today.

Arrangements to proceed with the survey for improving the existing route and for the actual construction project, all on a fifty-fifty basis, were made by Mr. Johnson and Trade and Commerce Minister C. D. Howe while Mr. Johnson was in Ottawa last week. The Premier returned to his office here today.

Mr. Johnson indicated that the existing road would be improved through realignments, cutoffs and widening.

"Cost of the project will be shared on a fifty-fifty basis," said the Premier's announcement. "Survey of the route to determine exact requirements and

cost will be started before the end of March, and this work, likewise will be borne on a fifty-fifty basis with the Dominion."

Mr. Johnson said he had received the assurance from Mr. Howe that the undertaking would not be shelved as a public investment project to be carried out when there was a recession in business.

According to Mr. Johnson, Mr. Howe had said his department was ready and anxious to proceed with the highway as soon as possible and was agreeable to sharing half the cost.

The survey will be undertaken by the provincial works department.

2,000 Moslems Killed In Kashmir's Biggest Battle

NEW DELHI (AP)—The Indian army said today 2,000 Moslem raiders were killed Friday in the greatest battle of the Kashmir campaign.

Another 2,000 were declared wounded in the engagement near Naoshera, 50 miles northwest of Jammu, capital of the southern Kashmir Province of Jammu.

The predominantly Hindu and Sikh forces of the Indian army were led by a Moslem, Brig. Muhammad Usman.

11,000 ATTACKED

An official spokesman said 11,000 attackers struck in waves, using heavy automatic weapons. They were repulsed in daylight, but came back at night for hand-to-hand combat featuring sword play. The spokesman did not report the Indian losses. Newspaper dispatches said two of those slain appeared to have been foreign officers.

The army said it had captured quantities of munitions and was heavily shelling Moslem positions. Machine-gun fire and mortar fire were returned.

Indian and Kashmir state forces have been fighting Moslem tribesmen in Kashmir since last October. India, in which the state now is included, has accused neighboring Pakistan of supporting the tribesmen. The dispute is before the United Nations' Security Council.

Snow Follows Wind Storm Here; Vessels In Trouble Off Coast

Snow fell on Victoria this morning following a week-end of high winds.

Southeasterly winds of from 30 to 35 miles per hour hit the city Saturday afternoon and reached a peak of nearly 50 miles an hour Saturday evening, causing power and telephone lines to fall. Street lights in the Gorge district were out all night despite efforts of a busy crew from the city lighting department. Power to Albert Head and Metochin was cut off for two and a half hours when a falling tree broke a 11,000-volt line serving that area.

In the city, numerous calls from various districts were received by the B.C. Electric complaining of light failure but all service was restored within a five-hour period. Telephone service was interrupted in many homes but was in most cases resumed in quick order by telephone repair crews.

Some tug and barge companies in the city suspended towing operations during the week-end while others managed to carry on despite the difficult weather conditions.

Two Vancouver tugs, Dola and Wireless, were reported in danger off the northern tip of Vancouver Island during the storm's height but were reported by the Department of Transport wireless station at Gordon Head to be safe this morning.

The tug Rosalie I was reported ashore in Howe Sound during the storm.

Winds decreased during Sunday morning and skies were clear and winds light Sunday afternoon. Maximum temperature recorded at the Gonzales Meteorological Observatory Sunday afternoon was 43 degrees. Minimum temperature overnight was 37.

This morning's snow was held responsible for several minor accidents. Traffic was slowed down generally but most buses remained on schedule. Motorists were thankful the temperature remained above freezing but were worried in case it should drop. At noon today, the temperature was recorded at 33 degrees. Should it freeze, the roads will undoubtedly become extremely slippery in the city.

Roads in Saanichton are reported to be snow-covered, as are roads up-Island. A Vancouver Island Coach Lines dispatcher said all up-Island buses had been equipped with chains and that the company was preparing to equip all buses in the Greater Victoria system with chains also if the snow continued to fall.

The weatherman forecasts the weather will clear tonight and that it will be clear and cold tomorrow. He anticipates the temperature to drop to freezing point sometime tonight and climb to 38 degrees tomorrow.

Police have issued warnings to all motorists to drive with extreme care.

Life Lost When Crash Crushes Old-Model Car

G. E. (Teddy) James, 22, Cordova Bay, died almost instantly Saturday night from a crushed skull when this ancient model car was destroyed in a crash with a bus on East Saanich Road. He was the third traffic death victim of 1948 in Victoria and district. In the same car was James L. Robbins, treated in Jubilee Hospital for injuries not classed as serious. (See story, page 6.)

LATEST

7 Aliens Freed

OTTAWA (CP)—Resources Minister Glen said today seven aliens had been released on bond pending deportation for illegal entry into Canada. The seven were arrested in Toronto some weeks ago and at last reports were being held at the immigration station in Montreal.

2 Subs For Russia

ROME (AP)—Russia will get two of Italy's modern long-range submarines, it was announced today. In all, Russia is to receive 27 warships—including the 18,000-ton battleship Julius Caesar and two cruisers—and 19 auxiliaries under the Italian peace treaty.

Armed Man Held

NEW DELHI (AP)—A man with a dagger was arrested today outside the residence of Deputy Minister Sardar V. Patel. He was said to have tried unsuccessfully to enter the home of Prime Minister Jawaharlal Nehru earlier.

60 Known Dead

HONGKONG (AP)—Twenty-two more bodies were recovered today from Hongkong harbor, bringing to 60 the known dead in the burning of the coastal steamship Kwantung Jan. 31. The vessel caught fire at a wharf and her passengers stampeded, many jumping into the water.

No New Coast Guard

OTTAWA (CP)—Transport Minister Chevrier told H. G. Archibald, C.C.F. Skeena in the Commons this afternoon the cost of establishing a Canadian coast guard would be prohibitive. He was relying to Mr. Archibald's contention that the recent loss of a fishing boat in the Queen Charlotte Islands off the Pacific coast made consideration of a coast guard necessary.

Saanich Campaign Meetings Tonight

The following political meetings are scheduled for tonight in the Saanich Feb. 23 provincial by-election campaign:

Coalition—Attorney-General and Labor Minister Gordon S. Wismer will speak in support of Arthur J. R. Ash, candidate, in St. Aidan's Church Hall, Richmond and Cedar Hill Cross Road, at 8. Mr. Wismer's topic is "Labor Problems and Policies." Mr. Ash will also speak.

C.C.F.—E. E. Winch, M.L.A. for Burnaby, will speak in support of Colin Cameron, candidate, at 8 in Gordon Head Hall, Gordon Head. Mr. Cameron will also give an address.

Injunction Sought To Stop Gordon Head Airport Work

Instructions have been given to the legal representative of Ward 3 Ratepayers' Association, Saanich, to apply for an injunction restraining the city of Victoria from developing the Gordon Head Air Park project, Alex Hardie, a member of the association's executive committee, announced today.

Legal proceedings are being taken as the result of the City Council's action in granting permission to the Memorial Air Park Association to go ahead with developing the air park site, he said.

The association had asked for authority to go ahead with developments in order to beat the Feb. 15 deadline set by the Department of Transport, which advised the City Council last month that unless development of the property was started by that date permission would be given for the erection of two C.V.I. radio towers on the adjacent property.

Mr. Hardie said the council gave permission to the Air Park Association to start work in contravention of the existing by-law, under which the property at Gordon Head is zoned for the erection of single family dwellings and garages only.

BEFORE SAANICH COUNCIL.

He said he did not know what action the Saanich council would take to uphold their own by-law, but the matter had already been discussed with Reeve E. C. Warren.

"In view of the urgency of the matter, the residents are themselves taking immediate action to have the law respected," said Mr. Hardie. "The Minister of Transport has been notified of the illegality of the procedure and instructions have been issued to the legal representative of this association to apply for an injunction restraining the city from further action contrary to the by-laws of Saanich Municipality."

Mr. Hardie said that he had heard a report that a bulldozer had begun grading the runways at the 57-acre Gordon Head Air Park site Sunday. He added that he saw a man, whom he believed to be an alderman interested in the project, taking measurements of the area.

Residents in the neighborhood of the Gordon Head site has been asked to keep a close watch for any work being carried out by the Memorial Air Park Association, he said.

Mr. Hardie said that Ward 3 ratepayers would hold a meeting to discuss the situation on Wednesday. "Only members of the district will be allowed to attend," he said.

Meanwhile, Saanich councillors themselves will discuss the matter at their regular weekly meeting Tuesday. The council is divided on the issue, but may have to take a definite line of action as a result of the proposed injunction scheduled to be taken out against the City Council.

Police Unearth Cache Of Arms In Synagogue

JERUSALEM (AP)—The British army announced today that a synagogue in the Tel Aviv-Jaffa border was damaged when military forces blew up an adjoining house suspected of being a snipers' nest.

The army said:

"The demolition caused some damage to the synagogue, the adjoining wall of which was found to have been reinforced."

"On searching the synagogue, four Sten guns, 11 magazines and four grenades were discovered underneath a rostrum."

The announcement said the house was blasted because shots had been fired from it at the Mea Shearim police station.

"Before being blown up, the house was searched and six armed Jewish settlement police were discovered, who claimed they were guarding the adjoining synagogue," the announcement said.

The army first had denied Tel Aviv reports that the synagogue had been blasted.

ANGER AMONG JEWS

A Tel Aviv dispatch reporting the blowing up of the synagogue said Jews of the city were stirred to great indignation.

Other incidents brought the unofficial count of Palestine violent deaths to 1,100 since the United Nations last Nov. 29 recommended division of the Holy Land into Jewish and Arab states.

Hans Pinn, Tel Aviv news photographer and Associated Press representative, was wounded when four men entered his home, shot him in the arm and fled.

Co-operative Store Burns; Loss \$250,000

DAWSON CREEK, B.C. (CP)—Fire of undetermined origin destroyed a co-operative store here Sunday night and the loss is estimated at \$250,000. Dawson Creek is about 300 air miles northwest of Edmonton.

Lost besides the store building were the complete stock, office records and the personal effects and the quarters of at least seven persons who were living in the store building.

Fire officials said poor wiring started the blaze. The Lakeview Credit Union, with 1,250 members, is the largest co-operative in western Canada.

The store was the only building in its immediate area which escaped the explosions and fire which swept a large section of the town five years ago.

Second Triplets In Five Years

Michael S. Walker of Syracuse, N.Y., wavered between pride and concern as his family increased from eight to 11 with the birth of a second set of triplets. The \$50-a-week repairman had been wondering how he could stretch his meagre budget to feed nine children. The second set of triplets, two girls and a boy, pronounced perfect, are shown here with nurses (left to right) Lucille Ottoman, Agnes Stanton and Mary Jane Sharp of Syracuse General Hospital.

Board Findings Not Binding On Either Party

EDMONTON (CP)—A \$2 a day wage increase for 10,000 coal miners in Alberta and British Columbia retroactive to Dec. 3 is recommended in the majority report of an Alberta government conciliation board announced today by Hon. C. E. Gerhart, provincial minister of trade and industry.

Hon. W. C. Ives of Calgary, the operators' representative, in a minority report rejected both these recommendations.

Findings of the board are not binding either on western Canada coal mine owners or on members of the United Mine Workers of America (C.C.L.).

The three-man board—Mr. Ives, a former justice of the Supreme Court of Alberta, G. Fred McNally of Edmonton, chairman, and Chris Pattinson of Edson, Alta., miners' representative—agreed unanimously on five other points considered.

Some 10,000 miners in Alberta and British Columbia have been on strike since Jan. 13 after failing to agree with operators on a new working agreement.

WELFARE FUND

The board agreed:

1. To reject the employees' request for a 7-cent a ton increase in the operators' contributions to the welfare fund; and to recommend there should be no increase in the present 3-cent-a-ton contribution until a board of trustees is set up and a policy determined.

2. That the holidays-with-pay situation remain the same except that the present involved arrangement be superseded by a system of giving each employee credit for one day's vacation for each month worked.

3. That the present 40-hour work week be retained.

4. That the union's demands for elimination of inequalities in working conditions be dealt with by a labor-management committee.

5. To reject the employees' request for abolition of contract work.

ASK QUICK DECISION

The board's award as well as copies of the minority report will be sent to the operators and the union with a request that the Alberta government be notified as soon as possible whether the findings are rejected or accepted.

The union had asked wage boosts retroactive to Dec. 3.

Reports Say 47 Killed In Riots By Saboteurs In South Korea

SEOUL, Korea (AP)—Forty-seven deaths were attributed today to widespread sabotage in south Korea. The riots were aimed at forcing the United Nations' Commission for Korea to leave the country.

An anonymous report to National Police headquarters warned: "Riots in Seoul tonight." United States Army authorities reported, however, that all was quiet.

Among those slain in Saturday's demonstrations and disruptions of rail and telegraph service were 36 civilians and 11 policemen.

Restoration of rail traffic and power facilities were reported by the army. Most of the 47 locomotives tampered with Saturday were back in service. The Korean left wing element was blamed for the outbreaks.

Iloilo Gets Scare; Widespread Points Record Earthquakes

OTTAWA (CP)—A "rather large" earthquake, probably in Asia Minor, was recorded on the seismographs at the Dominion observatory here today.

Officials said the records indicated the quake started at 7:58 a.m. E.S.T., about 5,050 miles northeast of Ottawa. The quake still was recording at 9 a.m.

WELLINGTON, N.Z. (AP)—Southern areas in the North Island, including Wellington, experienced a fairly strong earthquake tonight. The tremor began at 11:14 p.m. with a swaying motion which lasted 45 seconds.

MANILA (AP)—A 20-second, mild earthquake frightened residents of Iloilo on Panay Island Sunday night, causing threats to rush outside in panic, reports said. No casualties were reported. Mild shocks have been felt there almost daily since the disastrous earthquakes of Jan. 23.

\$800,000 Damage By Fires Throughout Canada At Week-end

By Canadian Press
Two deaths and damage estimated at more than \$800,000 were caused by six major fires throughout Canada in a three-day period, a Canadian Press survey showed today.

Suffocation in a blazing Port Colborne, Ont., home caused the deaths Sunday of Mrs. Mabel Glaser of Williamsburg, N.Y., and her hostess, Minnie Boneberg, who tried to rescue her.

Truman To Visit Puerto Rico, Cuba

WASHINGTON (AP) — President Truman plans to visit Puerto Rico, the Virgin Islands and Cuba this month. The White House announced today the President will fly Feb. 20 on the islands tour.

Former M.L.A. Dies

EDMONTON (CP) — Warren W. Preve, 77, a former Liberal M.L.A. and alderman and founder of the Edmonton City Dairy, died in a hospital Sunday after a short illness. Born in McElroy, Wis., he came to Canada in 1905.

Sets Donaldson Line Record To Victoria

Capt. R. C. Young, master of the Laurentia, on his first voyage here, and Chief Officer H. Wylie, who served aboard the Canadian hospital ship Letitia during the last war.

The Donaldson Line cargo-passenger ship Laurentia unloaded general cargo at Ogden Point docks today after cutting a week off the time of company ships operating on the United Kingdom-B.C. service.

The Laurentia is a converted passenger ship and last saw the Pacific coast in February, 1945, when she was launched at San Francisco. Taken over by the Donaldson Line, she operated under the British Ministry of Transport on troopship service and was carrying troops and displaced persons up to December,

1947, from India and Mediterranean ports back to the U.K. Finally converted into a cargo-passenger ship, she now has accommodation for 12 passengers. Entering civilian service, she operated on the Atlantic, sailing between Montreal and the U.K., until she made her present voyage. She is not expected to make another Pacific voyage until November this year, and will be used on the Atlantic services during the summer.

Making his first trip on the Pacific service is the Laurentia's master, Capt. R. C. Young, of

Lenzie, Lanarkshire, whose previous commands include the Carmia, Parthenia and Solaria. His chief officer, H. Wylie, of Glasgow, has made earlier trips here with company ships. During a part of the war he served aboard the Canadian hospital ship Letitia.

The Laurentia, in breaking the record, made the voyage in one month to the day, averaging 16.25 knots. Her other ports of call were Los Angeles and San Francisco. Normal run for Donaldson Line ships takes about five weeks.

ANNOUNCEMENTS

A meeting and whist drive will be held Tuesday, Feb. 10, at 7.30, at the Liberal Headquarters, Broughton Street. Admission 25c. Refreshments.

A salvage collection for Oak Bay, Shoal Bay, Uplands, E 3413.

Alcoholics Anonymous — The alcoholic, as distinguished from a normal drinker, is a person who drinks even when he doesn't want to and knows he shouldn't. Such compulsive drinking causes unhappiness and ruins careers. If this is your problem, then you may obtain help—freely and confidentially. Apply **Victoria Chapter, Alcoholics Anonymous**, P.O. Chinese At Nanking Assembling Bombers Sent From Canada

NANKING (Reuter) — The first of 150 Canadian-manufactured bombers shipped here under a Canadian-Chinese agreement will be ready for service within two weeks, it was learned today.

Six technicians from the De Havilland Aircraft Company at Toronto, who will supervise assembling the machines with improvised equipment, said they will be able to make two planes serviceable each week.

A Canadian test pilot is expected to reach here soon to check the planes after they are assembled. Fifteen Chinese air force pilots are to be sent to Ontario for instruction in flying the aircraft.

The Mosquitos, armed with four cannon, four machine guns and eight rockets, also can carry two tons of bombs. They were delivered with complete sets of spare parts. The machines are

Former Chancellor Of Britain Passes

LONDON (AP) — Viscount Sankey, Lord Chancellor from 1929 to 1933, died at his home here Friday, it was learned today. He was 81.

Snowplows At Work On Lower Mainland; Schools, Camps Close

VANCOUVER (CP) — Snowplows were at work all over the lower mainland and many Vancouver Island sections of British Columbia today clearing roads in the wake of the worst storm this winter.

Nine persons have died under weather's iron hand in the Pacific Northwest in the last three days, five in marine accidents and four on highways. Worst single accident was the foundering of the fishpacker Amaryllis off the north end of Vancouver Island in which three were lost. Two others lost their lives in separate marine accidents off Oregon.

One person was killed near Victoria, one near Spokane, Washington, and two at Eugene, Ore. In traffic accidents all blamed on snow and ice conditions. Seventeen people have been injured in 98 Vancouver road accidents.

Snow depth ranged from about two inches in lower sections of Vancouver to about a foot in high sections and in the Fraser Valley.

Twenty-two inches of new snow was reported in high sections of Washington state, where the storm is now blowing itself out.

Schools are closed in the Parksville-Qualicum area on Vancouver Island, where six inches of snow fell overnight. Logging camps in the Campbell River area have been shut down because of power failures.

Some communication lines in the Fraser Valley and telephone and power lines in Vancouver were down under pressure of wet snow.

Further crippling of transportation has been forecast for the affected areas tonight with eight degrees of frost predicted in Vancouver and seven degrees at Abbotsford and Nanaimo. Tuesday is expected to be still cold.

School Board Asks City For \$8,140

A letter was received by M. F. Hunter, city clerk, today, from T. L. Christie, secretary-treasurer of the Board of School Trustees of Greater Victoria, in which the board requested the city to create a special fund in amount of \$8,140, being the city's proportionate amount of a total of \$13,278, to meet the additional sum required to build the Vocational-Technical School.

Component parts of the school district have been asked to meet the request for extraordinary funds of \$13,278.

Star Seeks Divorce

HOLLYWOOD (AP) — A trial separation having failed, Jane Wyman of the films will file suit for divorce from Ronald Reagan, her lawyer said today. Counsel Loyd Wright said a property settlement had been effected and that custody arrangements had been completed for the couple's two children, Maureen, seven, and Michael, three. Miss Wyman and Reagan were married Jan. 26, 1940.

City building inspector's office issued a permit today to W. S. Bartlett for erection of a double garage at 712-14 Selkirk Avenue, to cost \$1,000. A permit was also issued to St. Joseph's Hospital for erection of a boiler room at 841 Collinson Street to cost \$900.

Painful Piles

I can help most pile sufferers. I believe I can help you too if you want relief from the itching soreness and burning pain of piles.

My Hem-Roid formula is different. Hem-Roid is an internal treatment, a small tablet taken with a glass of water. It helps relieve some of the conditions inside your body that cause such intense pile soreness and pain.

But I'll be honest with you—there are some cases where Hem-Roid does not seem to help very much. I refuse to ask people to pay for something that does not help them. Hem-Roid helps YOU surely it is worth the small cost. If it does not help you I want you to have your money back. I will take your word. I find people are honest about such things.

Simply go to any drug store and get a package of Hem-Roid. Use it as directed for 10 days. Then if you are not satisfied return what you did not use and get your money back. This is an unusual offer but Hem-Roid has been sold on a refund promise for over 40 years. I am not asked to make many refunds so Hem-Roid must help most people who use it.

Try Hem-Roid now. It won't cost you a penny if it does not help you.

Ranking Servicemen In M.R.A. Group On Visit To Victoria

Visiting Victoria today is a part of the Moral Re-Armament party which went to the U.S. at the invitation of Rear-Admiral Richard E. Byrd to attend an M.R.A. assembly in Richmond, Va., and to visit Washington, D.C., to outline to statesmen there the work of the M.R.A. movement in Europe.

The group of visitors includes: Rear-Admiral Sir Edward Coghane, K.B.E., R. N. (Ret.), and Lady Coghane, England; Maj.-Gen. Andre Lesaffre of Belgium; Col. the Hon. Malise Hoare-Ruthven, C.M.G., D.S.O.; Brig. and Mrs. W. G. Beaman, Kingston; Mr. and Mrs. Edward Evans, England; Maj. Vernon Eriksson and Mr. and Mrs. Paul Nanton, Winnipeg.

Sir Edward served in the Grand Fleet aboard H.M.S. Lord Nelson in the Eastern Mediterranean during World War I. He was recalled to service as convoy commander in 1939 and was knighted for his distinguished services. Of 1,300 vessels convoyed he lost only 18.

Maj.-Gen. Lesaffre commanded a Belgian division which was surrounded by the Germans just before Dunkirk. He held out five days before capitulating, and was awarded the Grand Cross of the Order of Leopold II, one of the highest awards in the Belgian army, for gallantry in action. He was a prisoner of war for five years.

Col. Hoare-Ruthven is a former commanding officer of the Black Watch. He served in the South African War, was aide-de-camp to the late Lord Curzon, Viceroy of India; went to France in Sept., 1914, and was attached to the Canadian staff. He was commanding officer of the 1st Battalion, Black Watch in India, and was on the staff of the Governor-General of South Africa.

Brig. Beaman was district officer commanding on the B.C. coast in 1933.

Maj. Eriksson, Fort Garry Horse, led the first Canadian tank squadron into Germany in World War II.

Mr. Evans served with the called to service as convoy commander during the war.

Others who attended the Richmond assembly on Admiral Byrd's invitation but who did not come on the Canadian journey were four British coal miners and a Labor member of parliament, Irene Laure, leader of 3,000,000 French women Socialists, a close associate of Leon Blum and a leader of the resistance movement in France during the recent war, and Robert Tilge, representative of 14,000 industrialists of northern France. Others attending the assembly included young resistance leaders from most of the formerly-occupied countries and industrialists from Norway and Denmark.

The party now in Victoria are here on the invitation of Brig. Beaman who suggested the visit to Canada before returning to their homes overseas.

Weather

Mixed rain and snow is falling over southern Vancouver Island and the lower mainland of B.C. Snow is expected to stop about midday. Colder weather will follow. Snow is falling in the southern interior. Cold weather is general in the central and northern regions.

Vancouver and vicinity—Mixed rain and snow until midday. Cloudy this afternoon, becoming clear and cold tonight and Tuesday. Winds northeasterly 15, decreasing to light during the morning. Colder.

Georgia Strait—Cloudy, with snowflurries this morning. Clearing mid-afternoon. Clear and cold tonight and Tuesday. Winds northeasterly 20, gusty along the inlets of the mainland.

Lower Fraser Valley—Overcast with snow this morning; cloudy during the afternoon, clearing at night. Clear and cold Tuesday. Winds light, increasing to northeasterly 30, gusty during the afternoon, decreasing to 15 by Tuesday morning.

West Coast Vancouver Island—Variable cloudiness and scattered showers, clearing midday. Clear and cold tonight and Tuesday. Winds northerly 15.

Johnson Returns To Problems Mounting In Number, Complexity

Problems mounting in number and complexity today confronted Premier Byron Johnson as he returned to his office at the Parliament Buildings after a 10-day absence on a flying visit to Ottawa.

Besides two major problems, solution of which may hit hard the pocketbooks of British Columbians, Mr. Johnson during the next two weeks faces a five-address campaign in Saanich and Cariboo provincial by-elections, and the multitude of problems connected with the preparing for the session of the provincial legislative assembly, which opens March 2.

The government during the next week or two is expected to deal with recommendations for a further increase in the price of gasoline and in the price of milk.

Garage and service station operators are making their bids for a 1-cent a gallon boost in their mark-up for handling gasoline. Dr. W. A. Carrothers, chairman of the Coal and Petroleum Control Board, has indicated his recommendations will go to the government shortly.

With the recommendations of the one-man Milk Board already put before the provincial cabinet during Mr. Johnson's absence, the government during the next week is expected to hear representations from producers to support their demands for a rise in milk prices which amounts to more than the two-cents per quart recommended by the board.

Allied with the application of service station operators for a boost in the gasoline price is the current curtailment of gasoline supplies by three oil companies. This followed Mr. Johnson's announcement on the day he left for Ottawa of a three-cent boost in the price of gasoline, to cover the rising costs of crude oil and refined gasoline in the U.S.

Handed in during Mr. Johnson's absence was the report of a special six-man committee appointed to probe school tax costs. Mr. Johnson has already in-

Arthritic Cases On The Increase

Local health officials report a notable increase in Victoria of arthritic cases, often described as Canada's No. 1 crippler, and which today is afflicting more people than any other disease.

This crippling disease, which sometimes totally incapacitates its victim, is said to be on the increase due to the lack of preventives and cures. The gravity of the problem which rheumatic disease presents is due to its wide incidence, to its train of pain, disablement and death, and to the vast economic loss which it causes.

But the fight against arthritis in Canada is gradually taking on organized form. Plans for the incorporation of Canadian Arthritis and Rheumatism Society have been agreed on and thousands of sufferers throughout the Dominion now have the knowledge that something concrete is being done to bring their plight into the open.

It is estimated that 600,000 Canadians are suffering from some form of chronic rheumatic disease. In an address to the 28th annual meeting of the Health League of Canada in Montreal last June, Dr. Wallace Graham, president of the Canadian Rheumatism Association, said that "rheumatism is one of the most important unsolved problems which disease presents to our community."

It is interesting to note that Dr. Graham was head of the interim committee which drew up plans for the incorporation of the new society which was first planned at the conference of interested agencies called by the Federal Department of Health last fall.

The final plans for incorporation of the new health agency were approved at a meeting in

Blood Service Film Shown At College

A Red Cross film, depicting the many phases involved in the operation of blood transfusion service, was shown to students of Victoria College at noon today. The mobile clinic, which collects all donations to the service outside of Vancouver, will be stationed at the college Wednesday, and students and their friends will be asked to donate.

The clinic will be stationed at the Britannia Branch Hall on Thursday and will operate at the Eagles' Hall on Saturday. A high percentage of Victoria Eagles have registered as blood donors.

The Red Cross office in Victoria has issued an appeal for more donors and asks that anyone who has registered, but has not been called, contact the office by phoning B-2213 so that their files may be checked.

Navy Tug Heatherton Spends Hectic Time In Stormy Week-end

Between a mine-disposed assignment and rescue work, the Royal Canadian Navy tug is having a hectic time at the north end of Vancouver Island, according to reports reaching here.

Heatherton set out from her base at Esquimalt Friday evening for Prince Island where a mine had been reported. En route she received instructions to keep a lookout for survivors from the foundered Vancouver fishing vessel Amaryllis, from which one was drowned, two are missing and two saved.

As she carried on a message was received from the Vancouver Tug Co. at 2:16 Sunday morning that a large barge had broken adrift from the tug Dola in the vicinity of Pine Island, and Heatherton was instructed to lend assistance.

The barge was finally discovered, half-submerged, about seven miles southwest of Egg Island. With the aid of the Dola, a line was finally passed around the barge and Heatherton got a towline shackled on. At 5:15 Sunday afternoon she proceeded toward Safety Cove but the towline parted.

As the weather continued to deteriorate, she sailed for shelter in Sushartle Bay to wait for the weather to moderate.

At noon today, Heatherton was still on her mine-disposal mission and still carrying on under instructions to give assistance with the barge as soon as weather permits.

Socialist Premier Of Japan To Resign

TOKYO (AP) — Japan's first cabinet under a socialist Prime Minister decided today to resign, leaving the field open for return of a Conservative-led coalition. The Prime Minister, Teiso

Katayama, chose resignation in preference to a split in his party. Its left-wingers refused to deal further with Conservative elements led by Katayama.

More Meters Robbed

City police blotter reports today showed that 13 more parking meters in the downtown business district were broken into and robbed of their copper and silver collections during the week-end. Twenty-two of the machines were broken into between last Tuesday night and Wednesday morning.

RESULTS NEEDED—NOT POLITICS

NOTHING THE KING-GOVERNMENT does is likely to satisfy Mr. Bracken. Ever since he permitted himself to be "drafted" into the Progressive Conservative Party as its leader in December, 1942, the former Premier of Manitoba has discovered how simple it is to criticize and how difficult it is for him to offer constructive suggestions to the administration. His latest display of pettifoggery procedure is revealed by his attitude toward the Prime Minister's proposal to find out why the cost of living in Canada has increased during recent months and who and what influences have contributed to the "boom-and-bust" manœuvre.

Even though one of our Vancouver contemporaries, the Vancouver Daily Province, has never considered itself a journalistic bosom friend of Mr. Mackenzie King, it has very properly registered its stern disapproval of the attitude of the Progressive Conservative opposition to the proposal which the Prime Minister announced last January 20. While the mainland daily, quite properly, is wondering whether the investigating body might have been given a sounder or more comprehensive basis on which to begin its enquiry, it contends that such an argument is "not a good enough reason for the opposition parties to try to wreck it beyond all national usefulness." Our contemporary then proceeds:

"What the opposition seems to forget in its anxiety to belabor the government's proposal is that it also has a responsibility to help check inflation. It is hard to see how opposition members can argue that the national interests can be better served if they boycott the committee rather than participate in its efforts. If the opposition groups really want to inject some vim and vigor into the committee's work they can best give it such an infusion by belonging to it, instead of standing aloof and heaving bricks at it. Canadians are not under the collar about high prices and they want parliament to get to work on the problem. But they are looking for results, not politics."

Every fair-minded individual in Canada will agree with the foregoing contentions advanced by the Vancouver Daily Province. But, as we have pointed out in these columns many times since the pressure groups began to congregate in Ottawa to urge the Dominion Government to remove all controls, some selfish people would be certain to avail themselves of every opportunity to take advantage of those inflationary conditions that were plaguing many countries. Fortunately for Canadians, however, the difficulties inherent in too much money for too few goods have not produced in this Dominion a state of affairs as serious as that at present existing in the United States. It is for this reason, therefore, that, as the Vancouver newspaper contends, it is results and not politics that our people expect and demand.

WHITE CANE WEEK

SINCE THE BLIND UNDERSTAND thoroughly the handicap under which they labor, it is not unnatural that White Cane Week, now being observed, is placing some emphasis on the preservation of sight. The publicity material distributed from national headquarters draws attention to many needless hazards which are run by normal people who place this sense in jeopardy. It is a gracious gesture, from those for whose assistance the week is held, that part of the message given to the public is for the protection of those who can see.

At the same time, White Cane Week will remind the more fortunate of the many courtesies which can be extended to the blind. It will draw attention, too, to the occupations undertaken by the handicapped and will enlist more generous support. If it succeeds in its particular objective of securing more improved legislation relative to the blind, it will be a period of major accomplishment.

EXPENSIVE LIVING

THE TOLL OF MODERN LIFE IS represented in the number of people who are suffering from nervous tension, according to Dr. J. L. Murray Anderson, the newly-appointed medical superintendent of the Royal Jubilee Hospital. And he has illustrated his statement with statistics such as those which reveal that there were more suicides in Victoria during the last three months of 1947 than there were deaths from tuberculosis. Most of these cases of self destruction, Dr. Anderson says, resulted primarily from nerve strain.

There can be no doubt that the mode of living of the average man and woman in this postwar era is not conducive to mental stability and steadiness of nerve. The growing emphasis on city living and urban work, the speed-up of most clerical and factory jobs, the increasing complexity of business decisions and professional problems, the rapidity of transportation, and the impact of the continuous barrage of news, facts, music, noise, propaganda, advertising and questions to which the individual is subjected—all contribute to an environment in which the human mechanism is not well adapted. The result is a daily heritage of worries, fears and anxieties which show

themselves in nervous strain, which in turn betrays its presence in a number of manifestations ranging from indigestion or skin ailments to mental derangement leading to suicide.

The slower tempo of rural life—the outdoor existence, the jobs completed at a walking pace, the freedom from the cacophony of the city—though it produced its own specific problems, enabled mankind largely to avoid nerve fatigue. Where a return to this style of living is not desirable or feasible today, surcease from the weight of civilization may be found in supplementary outdoor work or pastimes. Sports, where these mean beneficial exercise for the individual rather than the near-hysteria of the stadium spectator, provide a physical respite. A quiet walk each day, a simple outdoor job in the garden, a restful evening hobby, a good night's sleep—these are the things which will allow the mind and body an opportunity for needed recuperation and restoration after a hectic day.

CRUCIAL DAYS

WHILE REMEMBRANCE SERVICES for Mr. Gandhi are still being held in various parts of the world and the funeral pyre beside the Jumna River in India is scarcely cold, the violence against which the leader dedicated his life continues in the land he loved. Dispatches today tell of a major engagement in northern Kashmir in which 2,000 Moslem invaders are reported to have been killed by defending Indian troops. As many as 11,000 tribesmen were said to be taking part in the drive 50 miles northwest of Jammu.

India, meanwhile, has taken steps to keep internal peace by outlawing two Moslem organizations. The action followed placing of a ban on the Hindu National Volunteer Corps, suspected of being implicated in Gandhi's assassination. And a further indication of the state of affairs in the troubled new Dominion may be seen in the general order against "private armies and groups preaching hate."

The massacre of hundreds of thousands of Moslem, Hindu and Sikh refugees as they fled to escape communal antagonism, the violation of their women and the looting of their property, have left a heritage of hatred and revenge which no doubt will strain India-Pakistan relations for many years to come. The strong currents of religious conflict have never been far below the surface of life in the Indian subcontinent, although British rule did much to keep them submerged. They have come violently to the surface in the last few months and it will take the full influence of the martyred Gandhi plus inspired statesmanship on the part of the present political leaders if further conflict and sorrow are to be avoided.

LAURELS REGAINED

CANADA'S R.C.A.F. FLYERS, UN-beaten in the St. Moritz tournament, today had completed their sweep of the hockey competition held in conjunction with the winter Olympic Games and laid claim to a higher degree of respect than has been accorded them since they set out some weeks ago to regain the laurels lost in 1936. Because this Dominion is the birthplace of the game, and still preserves its position as the leading source of outstanding players in both amateur and professional ranks, the triumph was not unexpected.

At the same time, the Flyers, a compromise team composed of men who could meet the required definition of an amateur, have not been given the credit they deserve. Conceivably, they are not the brightest stars among those who can qualify for Allan Cup play, but they have done a workmanlike job, have upheld the traditions of the country they represent, and are entitled to full recognition. It is unfortunate that they were somewhat "written down" prior to the tournament. That, however, may add greater lustre to their accomplishment. At one time, Canada was so supreme in hockey that outside nations were not regarded as competition. In recent years the game has swept to pinnacles of popularity in Britain and European countries. They can now offer a challenge. Under these circumstances, the achievement of the Canadian entry gains greater merit. The Maple Leaf team has re-asserted our mastery.

NEWS SCOOP

A RECOLLECTION OF THE MELO-dramatic cloak-and-dagger thrillers of 50 years ago is provided by the Italian Communist newspaper Unita's accusation that the murderer of Mahatma Gandhi was "most probably acting at the instigation of the British Secret Service." The item, relayed to Moscow, added that the British Secret Service "is interested in the provocation of new, bloody conflicts in India."

One can imagine some zealous Roman deskman dreaming up the idea and hastily committing it to paper before his inspiration escaped him. Perhaps he received a pat on the back and a word of commendation from his district party leader, or perhaps he merely glowed complacently, without special reward, in the consciousness of a job well done. More interesting than Unita's ridiculous charge, however, is the evidence it furnishes of the workings of the official Russian news agency, Tass. The complete subjugation of news values to propaganda, the entire absence of regard for truth or even logic in the treatment of the daily report, which is exemplified by its handling of such a "news" item, exposes more than reams of argument could do, the slavishness of the Russian information system.

Walter Lippmann

ARE THE AMERICAS FORGOTTEN?

THERE IS A widespread feeling among the United States' neighbors in this hemisphere that the U.S. has become so interested in European recovery that she has forgotten them. The truth of the matter is that they have not been forgotten; the protection of their vital interests is an integral and a principal part of the Marshall plan.

If they do not realize that, then they have been, though not forgotten, in some measure neglected. The immense significance of the Marshall plan to the Western Hemisphere could readily have been explained and demonstrated to their representatives here and by American representatives in the capitals of Latin America. If that has not been done, it must be due to the fact that Mr. Marshall, Mr. Lovett and Mr. Armour are three men, and not, unfortunately, at least ten men.

THE BASIC FIGURES of the program show that in the first fifteen months 2.6 billion dollars are called for in order to pay for exports to western Europe from Canada and the Latin-American countries. This is a very sizable part of the whole program, so large a part indeed that Mr. Hoover would like to cut it out. But it is an essential factor to the recovery of Europe. It is essential to the recovery of the whole Western Hemisphere.

For Europe must have grain and timber from Canada, grain from Argentina, fats and oils from Brazil, sugar from Cuba, nitrates from Chile. But Europe now lacks the dollars to pay for these commodities. Europe lacks also the manufactured goods which the Latin-American countries need so badly and would like to receive in return for their exports. As things are now Latin America cannot get goods from Europe, and it cannot get dollars from Europe to buy what it needs in the United States.

THEREFORE, the Western Hemisphere countries urgently need two things: They need dollars for what they can send only to Europe and Europe can obtain only from them; and they need the revival of the European export industries in order that they may be able to obtain the capital goods they must have if they are to develop and raise their standard of life.

The Marshall plan is designed to do both of these things: To provide them immediately with the most necessary dollars and in the course of the next four years with the means of obtaining capital goods from Europe.

THERE ARE Pan-American isolationists both in the United States and in the other American republics who say why not forget Europe, and instead concentrate on financing directly trade and capital investment between the United States and Latin America? The answer to this is that any such policy would destroy the economic independence of Latin America, and inevitably as the consequence much of its political independence.

For if Latin America, which is entering upon a great and promising period of industrial development, were to depend entirely or almost entirely on capital goods made in the United States, how would it pay for them? The United States cannot buy all the raw materials of the hemisphere. It cannot use them all. Therefore, the only way the industrial development of Latin America could be financed would be by concessions in the old-fashioned colonial and imperial style.

NO AMERICAN, North, South or Central, Spanish-speaking, Portuguese-speaking, or English-speaking, wants that to happen. Yet that would have to happen if, instead of restoring the triangular trade among Europe, the United States, and Latin America, the United States went in for Pan-American isolationism and sought to make the bulk of the trade run north and south.

The truth is that without the Marshall plan the foundations of the inter-American system would be undermined. The glory of that system is that so many nations unequal in size, power and wealth, can live together but independently within it. The system is unique in the history of nations. That it came to be at all, and that it works, is due no doubt in the last analysis to the fact that all the American republics are deeply anti-imperialist because all have won their independence by successful rebellion against imperial powers.

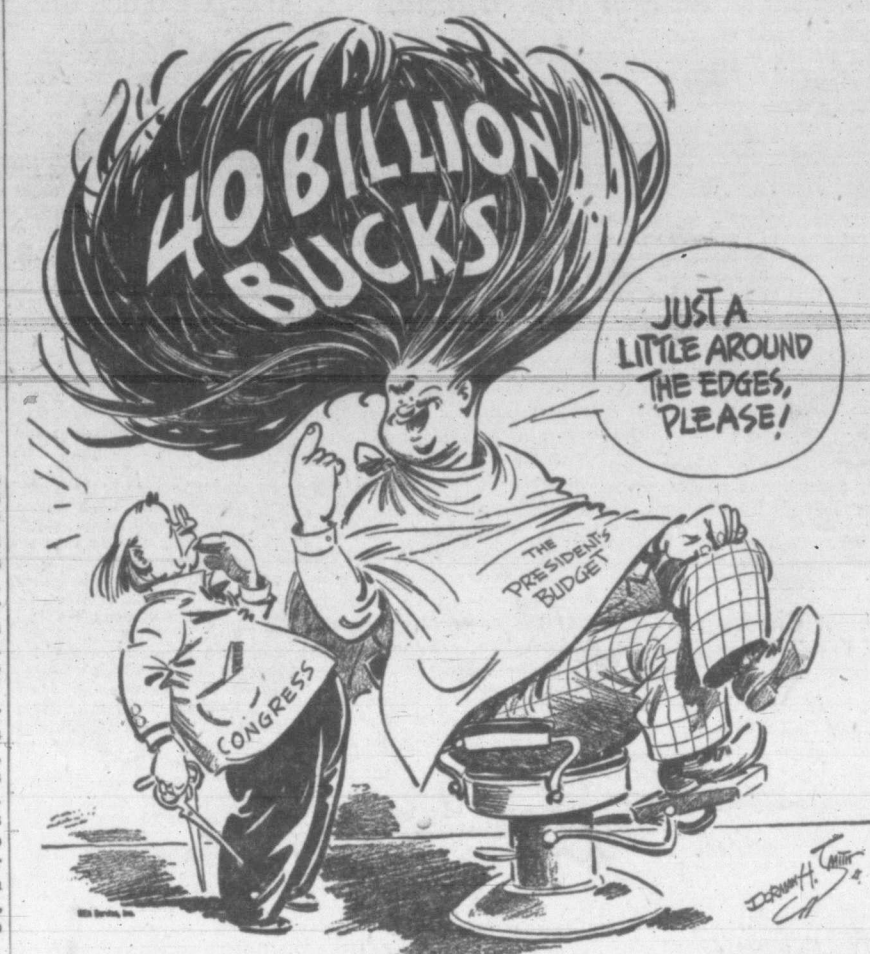

BUT THAT THEY have remained independent, that the larger ones have not overwhelmed the smaller, is due in great part to the fact that the economic and cultural connections of each republic are not confined within the hemisphere but reach across the oceans to Europe and to the outer world. The spirit of independence feeds upon these connections. If they were broken irrevocably, if they cannot be restored, as the United States hopes to restore them by the execution of the Marshall plan, we should soon find that the inter-American system itself would languish. It would become a closed system, and in that crowded, narrowed and unequal condition, there would be lost that spirit of independence which is its energy and its reason. Copyright, 1948, New York Herald Tribune Inc.

A Job For The American Clippers

Colonial Plans—Welfare And Development

By WALTER TAPLIN, Assistant Editor of The Spectator

THE Colonies are more than usually in the news in Britain just now. An important new measure known as the Overseas Resources Development Bill is about to become law. It sets up two great new corporations which will have at their disposal a capital of \$600 million from the Exchequer and may borrow an additional \$60 million from other sources. The first will be called the Colonial Development Corporation and its object will be to develop and expand the resources and trade of the British Colonial territories. The second will be the Overseas Food Corporation whose duties will be to promote the production of foodstuffs and agricultural products anywhere outside the United Kingdom. Its first act will be to take over a vast project for the production of groundnuts in East and Central Africa. This scheme alone will require a capital investment of \$100 million to cover an area of 3,210,000 acres, employ 32,000 Africans in the agricultural work and 25,000 in bush clearing and provide a very important new source of vegetable oils to meet the at present unsatisfied world demand.

WELFARE AND DEVELOPMENT There are two things to be noticed about this new program. The first is that within it the two concepts of welfare and development are regarded as inseparable. The second is that original outlay was only sufficient to give the program a start and vastly below the total sum which will have to be invested in order to bring it to completion. Welfare and development are inseparable for obvious reasons. Without adequate housing, health services and education the Colonial populations will be unable to achieve that economic output which will in the end make the schemes self-sufficient and enable the various territories to stand on their own feet. And without development of natural resources, agriculture and industry to a very high pitch the territories will be unable to carry the financial burden of the social services, which cannot forever be provided at the expense of Britain's taxpayer. Development and welfare are different aspects of the same thing. In no instance is this more clearly demonstrated than in that of the African groundnuts scheme under which

each production unit will also be a model centre of the best standards of housing, health, nutrition and welfare.

Naturally these vast schemes will not be completed without difficulty. Even the capital sums provided under the present Overseas Resources Development Bill will not be sufficient to bring the economies of the territories concerned to a state in which they can be sure both of long-term stability and of covering the expense of essential welfare services.

PROBLEM OF BALANCE

The problem of keeping development and welfare services in a healthy balance, the removal by enlightened practice of any suspicion on the part of local populations that the natural resources of their countries are merely being exploited to meet the unsatisfied demands of the outside world, the maintenance of a proper balance between industry and agriculture, and the training of the colonial peoples to take over the running of their own economies—all these matters have to be handled with care and simultaneously. They will not all be settled in a day.

Finally, the attitude of the United Kingdom government and people cannot be left out of the account. The shortage of labor and resources at present are such that the capital plans of the United Kingdom itself have had to be cut in the past few months and many essential projects are being held up. Clearly, it is not the most propitious time for undertaking new investments abroad. But there has been no hesitation about the Colonial development schemes.

A Touch Of Exaggeration

By R. J. DEACHMAN

THERE was a strange item in a radio address delivered in Regina by the Premier of Saskatchewan, Mr. T. C. Douglas, on Dec. 27, 1947.

It contained a series of statements which, to the average man, must have been little short of ridiculous. Consider this one: "No person who takes the trouble to look at our economy can argue for a moment that we are operating on a basis of 'humanity first.' During the year 1946 Canadian corporations made a net profit of \$61 out of every man, woman and child in this country as compared with \$31 per capita in 1938. It is expected that in 1947 their profits will be considerably higher."

The facts will give sharpness and accuracy to the picture. Jumping at conclusions is an indication of immaturity—statesmen should cling to realities. Corporate profits in 1938 amounted to \$375,000,000, in 1946 they were \$739,000,000. Population in 1938 was 11,000,000; in 1946, 12,000,000. Dividing population into profits we find that in 1938 profits represented \$34 per unit of population, in 1946, with 12,000,000, the figure was \$61. This is an increase of 80 per cent.

Other unincorporated business increased from \$429,000,000 to \$907,000,000, an increase of 111 per cent. The increase in profits, the only one which Dr. Douglas noticed, was decidedly less than the increase in any other factor of production.

Then Mr. Douglas ought to recognize the fact there is a great deal of outside money invested in Canada. All profits do not accrue to Canadian corporations. Dividends to non-residents amounted to \$205,000,000 in 1946, leaving \$534,000,000 as the true sum accruing to Canadian corporations. If we divide this by our population of 12,000,000 in 1946 the figure is roughly \$45 head of population, an increase of 40 per cent, as compared with the 97 per cent in the Douglas estimate.

EXPORTS

But even a part of this \$534,000,000 must be knocked off the burden the consumer pays. Canada exported last year manu-

factured goods valued at \$1,250,000,000. Who paid the profits of the capitalists in this case? The question is very simple, they were paid by the people who bought the goods. If we allow six per cent profits on export sales, a low level from the viewpoint of Mr. Douglas, net earnings from Canadian production have fallen to \$459,000,000. The increase per capita would then be approximately 20 per cent. Mr. Douglas had figured it pretty close to 100 per cent.

As production, in this period, increased more than 40 per cent, we are safe in assuming that profits per unit of production accruing to Canadian investors were actually less in 1946 than in 1938.

What about Saskatchewan? That province has been in the manufacturing business for several years. It has not shown us much for the effort. If the profits had been high—Mr. Douglas would have been glad to report them. Can it be that Mr. Douglas is beginning to find out that the profits of industry are not so great as he expected—to make an issue out of them it becomes necessary to exaggerate.

Global Survey

By DEWITT MACKENZIE

SOME TIME, SOMEWHERE, there must be a show-down between the big democratic majority of the United Nations and the Red minority comprising Russia and her satellites, who thus far have hamstrung the peace organization—and Korea may well furnish an early important (if not definite) test.

The position leading up to the present disorders in southern Korea is this:

At the end of the war the hermit kingdom, as Korea was called, was occupied by Russian troops in the northern half and by Americans in the south. It was understood that the aim was to consolidate the two areas and hold free elections for establishment of an independent Korean government.

INTENSIVE DRIVE

Instead, Russia sealed off the north from the south and communized the Russian section. At the same time her agents made an intensive drive to organize Communist cells in the south and have done their best to create unrest among the people.

Korea is a pivotal point for peace in the far east. What more natural, then, that the U.N. General Assembly finally should send a commission to Korea with instructions to hold elections throughout the country—meaning both south and north. The Soviet Ukraine declined a place on the commission.

The Russians have refused to permit this commission even to enter northern Korea. Not only that, but a wave of sabotage and bloody political disturbances, aimed at hampering the commission, has swept the United States zone, and American sources attribute the trouble to the left wing element.

REPORTED FAILURE

The commission now has reported its failure to the U.N. Little Assembly (which sits when the General Assembly isn't in session). Now the big speculation is: What line the Little Assembly will take.

An American spokesman at Lake Success said the correct procedure would be to instruct the commission to carry on, that is, to establish a government in southern Korea with the idea that the north be brought in as soon as possible. That sounds like horse-sense and also breathes the urgency and determination with which State Secretary Marshall himself advocated the creation of the commission by the General Assembly.

RIDING-IT OUT

Montreal Star
The Government is being blamed for what is being called its "chaotic" policy of decontrol. We are not deeply concerned about the government. But we are deeply concerned to see Canada get through this very difficult period in the shortest possible time. Therefore our major policies should be designed to decrease the discomforts by keeping production at its maximum. There is nothing very pleasant about an inflation. The thing to do is to ride it out as hard as we can.

PRIME MINISTER TAKES SHELTER

Australia News
There is no doubt that his New Zealand visit freshened up Prime Minister Chifley. His color is better and all signs of strain have disappeared. Recently he set out to walk the half mile from the Hotel Kurrajong to Parliament House, his only regular exercise. It began to rain heavily and Chifley hadn't gone far when a newspaper delivery man pulled up his truck and asked the Prime Minister if he wanted a lift.

Chifley climbed aboard and chatted with the driver who said afterward: "I don't suppose there's another city in the world where the Prime Minister would get out of the rain that way!"

DOLLARS FOR WHAT?

Winnipeg Free Press
Yugoslavia's application for a loan of half a billion dollars from the World Bank raises interesting questions.

A country which denounces the western world day after day, which publicly proclaims that it will smash the Marshall Plan if it can, which acts in everything on Russian instructions, which enforces a barbarous tyranny at home—and now asks the western world to bail it out with United States dollars.

The nations which provide most of the capital of the bank, and particularly the United States which contributes the main supply of dollars, will hardly regard Yugoslavia as a good risk.

Bus-Car Crash Raises 1948 Traffic Death Toll To Three

Greater Victoria's traffic death toll for 1948 rose to three Saturday night when George E. (Teddy) James, 22, Douma Avenue, Cordova Bay, one of four war-veteran brothers, died from injuries suffered when an old model car he was traveling in with a friend was in collision with a Vancouver Island Coach Lines bus on East Saanich Road in the vicinity of the Game Farm entrance.

LATE G. E. (TEDDY) JAMES
... third 1948 traffic victim.

Dr. E. C. Hart, coroner, has set tomorrow morning at 10 at Sands Funeral Parlors for the inquest into James' death.

This was Saanich's first high-way death of the year. The other two took place in the city and territory under the jurisdiction of the Provincial Police in January.

There were a number of other serious injuries sustained in Saturday accidents, according to city police. There were no serious Sunday collisions.

James Leslie Robbins, 21, of Northfield, Vancouver Island, who was in the same car with James is in Jubilee Hospital being attended by Dr. E. L. McNiven for a lacerated left scalp and left knee and a line fracture of the skull. He is not in danger.

Sgt. Cecil Pearce and Constable Robert Adrian and Special Constable D. Parks attended the East Saanich Road scene. They reported that a bus, being driven by D. J. Reading, 311 Simcoe

Street, was proceeding toward Sidney and was almost to a standstill when the car occupied by the dead and injured men was in collision with it. No bus passengers were reported hurt. Police are not certain who was driving the passenger vehicle, which was totally wrecked by the impact.

The young man, believed to have died instantly from a crushed skull, is the son of Mr. and Mrs. George E. James of the same Cordova Bay address. He was three years in the Canadian Army in the Signal Corps. His brother, Harry and Thomas, both saw action on the northwest Europe battlefronts with the 2nd Survey Regiment, R.C.A., and the 13th Field Regiment, R.C.A., respectively. Another brother, John, was an instructor at Calgary during the war. Deceased also leaves a sister.

Robbins was a wartime chum of the dead veteran. Employed by the B.C. Power Commission at Campbell River, he was on a local visit to renew wartime acquaintanceship with James. James Cruikshanks, 49 years old, no fixed address, is in Jubilee Hospital suffering from a multi-fractured right leg and other less serious injuries when he was struck by a car city police say was driven north on Quadra Street by Wallace L. Pomeroy, 65 Crease Avenue, at the intersection of Johnson Street.

City police are investigating another accident case Saturday night at 10:18 at the intersection of Fisgard and Government Streets where Darrell Vincent, 1973 Crescent Road, was found lying on the west side of Government south of Fisgard. He is at Jubilee Hospital suffering from a possible fracture of the skull, a fractured knee and an injured nose.

Also treated at the same hospital as a result of week-end accidents were Edwin Lewis, 2531 Cedar Hill Road, H. A. Sprague of 1721 Quadra Street and L. E. Nelson, 1015 Empress Avenue. They were all in the same car police say was driven by Lewis when it collided with a telephone pole at the northeast corner of Pandora Avenue and Quadra Street at 8 Saturday night.

Cars driven by P.O. Donald D. McCullough, H.M.C.S. Naden, and T. J. Carson, 3930 Cedar Hill Road, were in collision at 9:10 last night at Pandora and Quadra.

Prospects Not Good For Men Laid Off

Possibilities of finding immediate employment for the 150 men laid off at Victoria Machinery Depot Co. Ltd., announcement of which was made, Saturday, are not very good at the moment, according to C. A. Mudge, manager of the National Employment Service at Victoria.

"The employment situation is pretty quiet right now and the lay-off came at a bad time," Mr. Mudge said.

Victoria usually goes through a quiet period in so far as employment is concerned at this time of year and the rain and snow only aggravate the picture, as outside work is restricted, he added.

The men concerned in the lay-off began coming into the Employment Service office on Saturday and more are in today.

Diamonds On Sarong For Next Movie By Dorothy Lamour

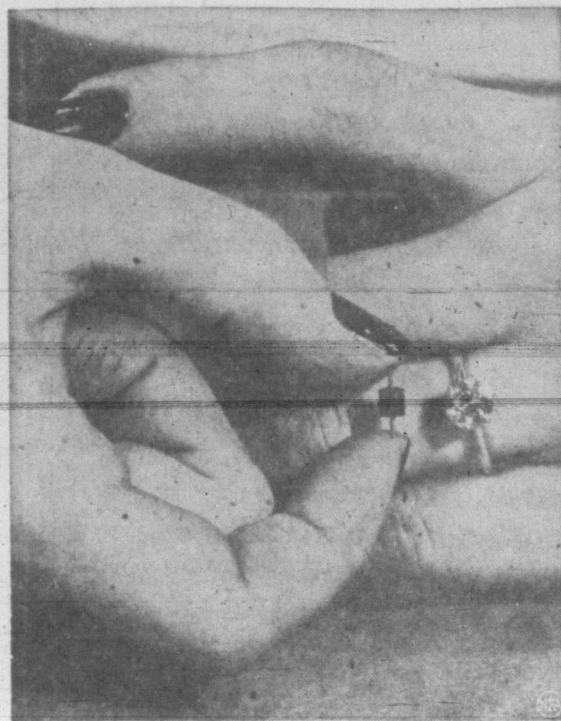

HOLLYWOOD (AP)—Dorothy Lamour can't get away from sarongs. She'll wear one in "Let's Fall In Love"—studied with sequins and diamonds. Dotty plans an extended vacation after the film.

Charles Lemaire of 20th-Fox's wardrobe department reports that the "new look" (or is it getting old now?) has played havoc with his chores. Clothes that were modern wardrobe before the new fashion are now period stuff. His dressmakers are working overtime to create enough long-hem clothes for current movies.

Everyone has a Stake in the Fishing Industry

Not only the fishermen and plant employees in the industry, not only people who eat and enjoy the prime quality fish from British Columbia waters, but practically everybody benefits when our great fishing industry thrives . . . the farmer sells more products, the factory worker's job is more secure and the city merchant finds business flowing more steadily throughout the year.

The millions of dollars paid out every year to fishing industry workers find their way eventually into the pockets of people in all walks of life, maintaining the continuous flow of money and goods that spells prosperity for all.

ONE MINUTE NEWS ABOUT

JOHNS-MANVILLE REMOVE RELICS AND RENOVATE!

If yours is an average home, it's likely the attic is loaded with dust-covered relics — old family portraits, outmoded furniture — even cherished letters. This waste space can easily be converted into an attractive extra room which most families sorely need these days. Johns-Manville has just the material for the job. It's called Flexboard — a tough asbestos and cement building board — light and easy to handle, yet absolutely fireproof and durable as stone — comes in large 8-foot by 4-foot sheets — won't rot or deteriorate, and can be bent to fit moderately curved surfaces. Flexboard is ideal, too, for remodeling kitchen or bathroom and excellent for exterior finishes. Ask your nearest J-M dealer for free folder. Help Kidneys In 30 Minutes

If you suffer from Backache, Getting Up Hard, Loss of Energy, Bladder Weakness, Burning or Itching, Headaches, Leg Aches, or Rheumatic Pains, due to Kidney and Bladder trouble, you should try Cystex. Within 30 minutes Cystex usually starts helping the kidneys clean out excess acids and irritating wastes which may be the real cause of your trouble. And this may quickly help you gain pep and energy — make you feel younger. Cystex quickly brings you satisfactory help from the pains and distress of Kidney and Bladder trouble, simply return the empty package and you get your money back. You have everything to gain and nothing to lose, so don't suffer another day without taking your drugstore for Cystex.

Campbell Says General Sobriety, Not Sane Drinking Program's Aim

British Columbia's alcohol education program, being started now in the high schools of the province, is aimed at general sobriety, and will have nothing to do with "sane drinking" and "how to hold your liquor."

This was made clear Sunday afternoon at a meeting here of brewers, distillers, spokesmen for temperance organizations, service clubs and other interested groups and individuals and the public generally by Harold L. Campbell, director of alcohol education for B.C., the first province of Canada to embark on such a program. The meeting had been called by the provincial education department in an effort to rally public support behind the program and to keep the public abreast of development of the program, provided for by the provincial legislature at a session last spring.

"Drinking—moderately, intelligently or sanely or in any other way—is not a worthy habit for young people to adopt," said Mr. Campbell, the featured speaker at the meeting attended by more than 400 and held in the Empress Hotel ballroom.

"This is a basic principle of alcohol education," he continued, warning that it was unfortunate that misinterpretation of the program had been so widely publicized. "The program will inform young people of the scientific and well-established facts concerning the use of alcohol. These facts will stand on their own feet and our young people, acting on this information and on the advice of their parents plus their own observations, will reach the right conclusions."

The meeting was attended by Attorney-General and Labor Minister W. T. Straith, K.C., F. T. Fairley, deputy education minister, presided.

Mr. Campbell warned that students cannot be taught that every person who takes a drink at any time is a moral reprobate. If this were attempted, some students wouldn't believe their teachers and would lose faith in other teachings of the program, while if students did believe this teaching, "it would strike deep at the roots of family life, where alcoholic beverages are used in moderation, and it would do a thousandfold more harm than good."

"I see no reason why humanity should not achieve ultimately a high degree of sobriety," said Mr. Campbell. "Through understanding of the problem and its inherent dangers, it is hoped to achieve abstinence for most of those people to whom anything else means ruin. We hope that excessive drinking will be minimized."

Outlining the program, Mr. Campbell warned that it must not be regarded over-optimistically. "There are many difficulties," he said, mentioning problems of overcoming innumerable misconceptions, securing adequate material for teaching, reluctance of teachers to enter the sea of controversy.

But Mr. Campbell also warned that when the problems were considered in the light of man's progress from his savage state "there is no reason for pessimism."

He saw hope in the fact that so many persons, representing so many shades of opinion, had attended the meeting here, the keen interest shown in other parts of Canada and the U.S. in alcohol education.

"Finally the most hopeful of all signs is the attitude toward the program taken by our young people in high schools. Before

releasing anything we try it out experimentally on groups of students, asking them to express their opinions frankly. Without exception their reactions have been most favorable and they have been most anxious to learn more."

Mr. Campbell said it was felt possible to institute a successful educational program within the framework of existing liquor legislation.

"This program is essentially an educational one," he said. "If the citizens of this province, as a result of more enlightenment on the subject, ever see fit to change the legal regulations governing the consumption of alcoholic beverages, that is their responsibility. The program is not directed to that end."

A question period followed Mr. Campbell's address, during which Mr. Wismer made further reference to this question, saying some critics of the program had claimed the government's position was anomalous.

"Nothing of the kind," said Mr. Wismer. "The people of British Columbia placed in our hands the responsibility of directing the control of alcoholic beverages—and we are doing just that."

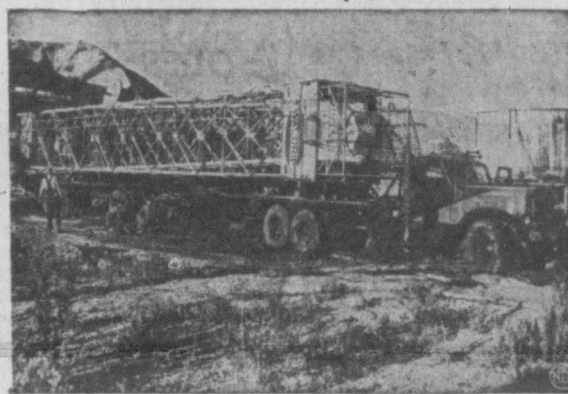

Inter-Racial Murders Subject Of Proposed Convention By U.N.

NEW YORK (CP)—With the United Nations' Economic and Social Council due to consider a convention on genocide, the World Federation of U.N. Associations said the problem of race extermination is "of primary importance at this time."

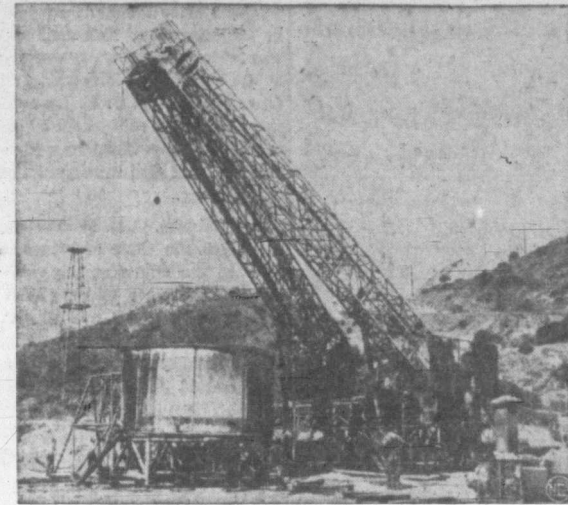

Citing past examples in a "fact sheet," the federation said:

"Millions of Christians were slaughtered in the Balkans; more than 1,000,000 Armenians in Turkey; entire communities of Maronites were leveled in Syria; Christian Assyrians were destroyed in Iraq. Out of 80,000 Hereros in

New Mobile Derrick Speeds Oil Drilling

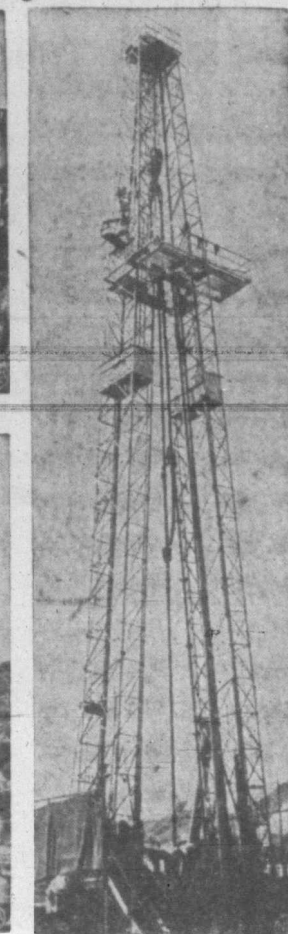

This 8x8x63-foot unit, when unfolded, becomes...

... a 123-foot oil derrick, and on short notice...

A new collapsible oil driller, constructed by Shell Oil Co. in Ventura, Calif., can be converted from a compact unit on standard road trailer to a twin-mast derrick on short notice. When completed it stands 123 feet high, equivalent to a 12-story building, and is ready for immediate operation. Company officials expect its mobility to save time and check rising drilling costs. Pictures above show how the 18-ton mobile oil rig works.

... it's ready for action.

Named To Hospital Board

Alexander L. Wright, A.C. DesBrisay and S. S. McKeen have been appointed by the provincial government in an order-in-council to the board of directors of Vancouver General Hospital.

Solarium Shower Of Dimes Nets \$1,706 In First Week

In response to the Junior Solarium League's new appeal to the public to help the crippled children of British Columbia, through the annual Shower of Dimes, officials today were able to count \$1,706 as the first week's total in the month-long campaign.

From the Golden Gloves boxing tournament held recently, it was announced, \$1,106 was realized for the institution which for more than two decades has been functioning as a hospital-school-home for the children suffering from severe diseases, sickness and defective limbs.

On Sunday night when the young ladies of Greater Victoria who form the league had added up the total contributions placed in the network of decorated umbrellas and baby-size watering cans throughout the downtown

district and elsewhere during the first seven days, the figure they attained was \$600.

Thousands more dollars are required before February, 1948, is written into the history books in order for the league to turn over a sum equal or better than marks achieved in years gone by.

Like every other British Columbia institution caring for the sick and maimed, it is essential this year that the league through its many efforts on behalf of the Solarium set sights on larger financial targets to meet the higher costs in every direction due to inflationary prices.

A contest is now in progress at the Modern Pharmacy, Douglas and Johnson Streets, to guess the shower's total on Feb. 29.

Engagements

Mr. and Mrs. Soren Nielsen, of 748 Humboldt Street Victoria, announce the engagement of their daughter, Irene Nana, son of Mr. William G. F. Waller, son of Mr. E. W. Waller, of Victoria, B.C. The marriage to take place on Feb. 20, 1948, at 8 o'clock in the Church of Our Lord.

Clubwomen's News

Valentine Tea—At the regular meeting of Fairfield United Church Women's Auxiliary final arrangements were made for the Valentine Tea to be held in the church hall Thursday afternoon. Plans were also discussed for a St. Patrick's supper to be held March 17. Mrs. J. Hoy presided at the meeting, and the worship period was led by Mrs. C. A. Fields. Miss M. Bradshaw and Mrs. W. E. Clothier gave secretary's and treasurer's reports respectively, and Mrs. E. Hill, convener of the parcels for Britain department, said that further parcels would be sent during February. The visiting committee reported 60 visits made throughout the community during January. Mrs. W. G. H. Firth and Mrs. J. J. Williams were appointed welcoming committee at the church door during February. Refreshments were served under the convenship of Mrs. G. James and Mrs. E. Crawford, and a social half-hour was enjoyed.

P.T.A. News

Cloverdale—Meeting of Cloverdale P.T.A. scheduled for Wednesday night has been canceled because of the coal situation.

Winnipeg Visitor Spends Winter Here

Wearing the new ballerina style fashions is Mrs. Nancy McIntyre of Winnipeg, Manitoba, who has recently arrived with her mother, Mrs. Charles Martin, and her grandmother, Mrs. E. W. Kneeland, to spend the remainder of the winter in Victoria. Mrs. McIntyre and her family come to Victoria every winter because of the milder climate, and are at present guests at the Empress Hotel.

Banff Honeymoon Follows Wedding

A honeymoon at Banff follows the wedding ceremony—in St. Alban's Church—Saturday evening, solemnized by Rev. F. E. M. Tomalin, uniting in marriage Margaret elder daughter of Mr. and Mrs. Henry Osselton, 1487 Myrtle Street, and Frederick Henry Leacock, son of Mr. and Mrs. H. W. Leacock, 4039 Blenkinsop Road.

The bride, a graduate of the Royal Jubilee Hospital, class of September, '46, was given in marriage by her father. She wore a gown of white satin styled with sweetheart neckline, fitted sleeves pointed over the wrists, peplum waist and full skirt sweeping into a train.

Her veil of illusion net cascaded to the end of her train and was held to her head under a coronet of seed pearls. Her only jewelry was an aquamarine pendant, the gift of the groom, and she carried a bouquet of red roses and lily of the valley.

Attending the bride were her sister, Miss Rosemary Osselton, and Miss Shirley Rennie, a fellow-graduate nurse. Both wore gowns of pastel blue nylon net over satin with bandeaux of latticed silver and blue nylon caught with silver bows. They carried arm bouquets of pale pink snapdragons and deep pink carnations.

Best man was Craig Johns, and ushers were Harry Osselton, brother of the bride, and Bill Youden.

Mrs. Osselton and Mrs. Leacock assisted the young couple in receiving guests at a reception at North Ward Community Hall, where a four-tier wedding cake centred the bride's table.

On leaving for the honeymoon, the bride wore a pale blue wool tailored suit with grey camel hair topcoat, black accessories and red rosebuds in corsage.

Mr. and Mrs. Leacock will make their home at 540 Dallas Road.

Just A Gipsy

With three weeks yet to go on the set of "The Adventures of Don Juan," Viveca Lindfors, Sweden's brunette beauty, says she is getting itchy feet again. In the past three years she has traveled to Sweden, Paris, New York and all over the U.S.

Club Calendar

Pythian Sisters, Island Temple No. 8, regular meeting, Tuesday at 8, K. of P. Hall.

St. Joseph's Villa Ladies' Auxiliary business meeting at the hospital, Tuesday at 3.

St. David's-by-the-Sea Women's Guild, Tuesday at 2.30 at home of Mrs. F. Smith, Walema Street, Cordova Bay.

Court Decides Strapping Just

Hazel Smeathers, Sarnia public schoolteacher, was supported in police court by Magistrate C. S. Woodrow when the teacher appeared on a charge of common assault. She was charged by Clifford Simpson, father of Kenneth Simpson, who had been strapped by Miss Smeathers and in attempting to dodge the strap received a cut over his eye. After hearing the evidence, his worship called Kenneth "a very objectionable young man."

Personal Notes

Dr. and Mrs. H. B. Sommerfeld of Winnipeg are spending several weeks in the city and are guests of Mrs. R. A. Patrick, 133 Cambridge Street.

Mr. W. L. Llewellyn and Mrs. Dorothy White, president and secretary of the Victoria Dicken's Fellowship Society, returned from Vancouver this morning where they attended the annual dinner of the mainland society, held at Hotel Georgia, Saturday evening.

Miss Shirley Rennie is a visitor in Victoria from Kelowna, and was bridesmaid Saturday evening at the wedding of Miss Margaret Osselton and Mr. F. H. Leacock. Several former co-workers of the bride from the Chelmsford General Hospital also were guests at the wedding.

Mr. and Mrs. C. D. MacFarlane and their son Clive of Nanaimo were in the city over the weekend to attend the wedding anniversary party of Mr. and Mrs. C. D. Chungranes Saturday evening. Mrs. C. Athens, a sister of Mr. Chungranes, and Mrs. G. Kyreacos with her two sons, came from Vancouver.

Mr. and Mrs. C. D. Chungranes were honored at a surprise party Saturday evening at the home of the former's mother, Mrs. D. K. Chungranes, 655 Toronto Street, in celebration of their silver wedding anniversary. Among gifts received from the 50 guests was a silver tea service, and Mrs. Chungranes received a corsage bouquet. Tulips, daffodils and pussy willows were arranged around the rooms for the occasion.

Miss Shirley Anderson, was hostess Saturday evening at a Valentine party at the home of her parents, Mr. and Mrs. H. C. Anderson, 160 Beach Drive, when guests were members of the Intermediate Musical Arts Society. Corsage bouquets were presented to Miss Marjorie Jones, program convener; Miss Anderson, Mrs. P. E. Corby, president of the senior society and Mrs. J. G. Shaw, mother of the intermediate group president. Games and music were enjoyed. Musical numbers were given by Robert Thornburn, Ray Haggart, Marilyn Bacon, Betty Jean Sinclair and Shirley Anderson. A buffet supper was served and at close of the evening, Terry Shaw, intermediate group president, moved a vote of thanks to the hostess and to those who took part on the program.

No Further Change In 'New Look' For Spring

PARIS (AP)—Christian Dior, Paris fashion designer who launched the "new look" last season, now has decided to let well enough alone.

Opening his spring showing Sunday, he refused to exaggerate his original theme of seasonal lengths of skirts. He has retained last season's successful silhouette but has added more new pieces to make the dish more palatable.

He uses waist-restricting corselets, very little hip padding, but makes his skirts full enough to cover three subway seats by setting full-length buckram petticoats beneath them.

He has kept his hemline the same length as last season—13 inches from the ground—and in many cases even has raised it to about 14. Bustles, extravagantly full skirts, hobble gait-restricting numbers were all presented by him last season. Now it's as though he has taken all of them and streamlined them to perfection.

For evening wear Dior either sets skirts at ground level or starts them at 13 or 14 inches in front and graduating sharply to train length at the back.

His hobble and pencil-lined skirts, both for day and evening wear, accent snake-hips silhouette. Many, buttoned through from top to bottom, are slit to be just above the knee at the back or front. Side slits also are employed.

Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain often need a nerve and general tonic. Glycero-Lecithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal if the loss of appetite was due to deficiency of Vitamin B (1) in the diet. \$1.00 at all Cunningham Drug Stores and other drug stores. Announcement Presages Easter Wedding

MISS SAGE LEY

LIEUT. A. B. GERMAN, R.C.N.

Capt. and Mrs. R. H. Ley, 16 Paddon Avenue, announce the engagement of their only daughter, Sage Janet, to Lieut. A. B. German, R.C.N., only son of Capt. and Mrs. Barry German of Ottawa. The wedding will take place at Christ Church Cathedral on March 27 at 2 o'clock. Miss Ley has chosen for her attendants Mrs. F. C. Frewer, sister of the groom-elect, as matron of honor, and Miss Jean Mackenzie-Grieve and Miss Vervan Yarrow as bridesmaids. Lt.-Cmdr. F. C. Frewer will be the groomsmen.

'Wetzel Grid' Subject Of Talk

Dr. D. V. Hutton, pediatric specialist, Division of Child and Maternal Health, Department of National Health and Welfare, will address the Victoria Chapter, Registered Nurses Association of British Columbia, at its meeting in the Jubilee Hospital Nurses' Home, Tuesday, at 8 o'clock. His subject will be the "Wetzel Grid."

Dr. Hutton, at present on loan to the provincial health department, graduated from the University of Toronto in 1927, then specialized at the Babies' and Children's Hospital and the Contagious Diseases Hospital at Cleveland.

He was senior resident in pediatrics at the children's hospital until 1931, when he returned to Toronto to go into private practice. He served with the R.C.A.F. bomber group overseas for five years, for which he received the O.B.E.

During his years in Cleveland, Dr. Hutton was closely associated with Dr. Norman C. Wetzel, who originated the grid which measures growth patterns in relation to normal development and health, and, following demobilization, again held special conferences with Dr. Wetzel.

The Wetzel Grid has been utilized by the provincial government on 8,000 school children in the Central Vancouver Island Health Unit, the first area in Canada to use the grid on a large scale.

Silver Tea Aids Scholarship Fund

A silver tea was given by the Old Girls' Association of St. Margaret's School Saturday afternoon at the home of Mrs. Arthur J. Ross, Cadboro Bay Road, at which a sum of \$50.70 was realized for the Margaret Barton Scholarship fund.

Miss Joan Ross, young daughter of the hostess, opened the door to the many guests, and also assisted at the tea hour. Arrangements of spring flowers decorated the rooms, and centring the tea table were daffodils, plum blossoms and tulips.

Miss Helen Colman, president of the association; Miss Ruth Jones, and Miss Sally Woods, past holder of the scholarship, presided at the urns. Assisting in serving were members of last year's matriculation class, including Misses Margaret Ogle, Molly Sykes, Mary Richardson, Geraldine Dobbin, Jill Tremblay, Mary Church and Judy Wilks.

Miss H. M. Pearce, headmistress of St. Margaret's, and members of the staff were among the guests.

A Valentine cake was a prize in a contest which was won by Mrs. W. B. Leach.

Books Presented By I.O.D.E. Chapter

In a special ceremony, held Saturday afternoon in the library at the Veteran's Hospital, at 3 o'clock, Mrs. J. L. Ford, regent of Municipal Chapter, I.O.D.E., made a presentation to the library of 90 books valued at \$250, on behalf of Provincial Chapter.

The books, all first publications, include a splendid selection of fiction and non-fiction, well bound and suitably illustrated. Present at the ceremony with Mrs. Ford were Mrs. H. W. Biggin, ex-service personnel convenor, Municipal Chapter, and Mrs. W. C. Nichol, second vice-president, Provincial Chapter. Dr. C. A. Watson, medical superintendent, and H. H. Massey, librarian, represented the hospital.

HISTORIC MEDICAL HIGHLIGHTS—No. 41

SCIENCE VS.
DISEASE

IN 1904 Flexner of America used monkeys as guinea pigs to discover a treatment for cerebro-spinal meningitis. He showed that the meningococcus microbe gained access to the bloodstream and the cerebro-spinal membrane by way of the mucous membrane of the nose and throat. The disease attacks all age groups, sometimes in epidemic form. It is characterized by paralysis of the body and mortality is high. Treating victims with an injection of an antinephritis serum has greatly reduced fatalities and often prevents crippling consequences.

Many deaths could be avoided if the victims received proper medical attention. Don't take chances with your life! At the first sign of illness, see your doctor, then let our prescription specialists help you.

MANY A DOMESTIC QUARREL AVERTED BY WRITING NOTE TO MATE

I often wonder that husbands and wife do not more frequently use the epistolary, instead of the word of mouth, method of settling their difficulties. If they did, it would save many a domestic brawl and prevent many a divorce. For it is next to impossible for a married couple to discuss any topic which they disagree and stick to the subject of debate.

The argument may start over an apparently innocuous matter, such as whether they shall accept the Jones' invitation to play bridge or to go to the movies; or whether Johnny shall have a new sweater like all the other boys have; or if Sally is old enough to have dates; or why the wife can't learn to make a decent cup of coffee; but before it ends, they are in a free-for-all fight, with mercy neither asked nor given.

One word has just led on to another and before they know it, they are calling names, and raking up past grievances, and delving into each other's family histories and casting Aunt Jane's indiscretions and Grandpa's sprees in each other's teeth.

And in the scrimmage, the real subject under consideration has been forgotten. Both parties have been so busy hurling brickbats at each other that they have lost sight of the line of reasoning that might have been convincing to the other if they had been calm enough to think it over without anger. The real reason why there is so little co-operation between husbands and wives is that they can so seldom talk things over together without getting into each other's hair.

WAY OUT OF QUARRELS

Most husbands and wives think that this is one of the inevitable tragedies of marriage and that

there is no way out of it. But there is. It is via the postal service. It is by writing letters instead of talking. If every husband and wife who failed to see eye to eye with each other on any subject would sit down and write a letter to the party of the other part, presenting his or her point of view, it would save many a heartache and many a broken up home.

There are many good reasons why a letter would be the great ambassador of domestic peace, if it were used to clarify a dangerous situation instead of attempting to do it viva voce. In the first place, it would eliminate the sound of the angry human voice, which gets on our nerves in an argument and rasps them to fiddle strings. Nobody can consider a matter dispassionately when they are being screamed at. And, in the second place, just the mere act of sitting down to write a letter steadies us. It throws responsibility upon us, and it makes us think out our case more clearly than we would do if we were just having a husband-and-wife spat.

READ IN COLD BLOOD

And, in the third place, the receiver of the letter would read it in cold blood, not when he or she was boiling over with anger. The husband, who had left home after a breakfast-table fight with his wife over the bills, would be apologetic, instead of vituperative, as he read Mary Jane's letter telling him that she appreciated how hard he worked, how generous he was to his family, and how she tried to be as economical as possible, but that the high cost of living compelled her to ask for a bigger housekeeping allowance.

And many a bitter quarrel would be saved if Mary Jane would just write husband a letter explaining that Sally and John were no longer babies who had to be put to bed with the chickens, but nearly grown men and wo-

men who were entitled to have dates and step out of evenings. Great is the power of a letter to promote domestic harmony, but if written in the heat of an argument it should be kept on ice for 24 hours and then destroyed.

During the evening, Miss Lena Mitchell, R.N., right, a special guest at the meeting, was presented with an electric mantle clock from association members. Mrs. A. W. Aylard, member of the first graduating class following Miss Mitchell's appointment as superintendent of nurses at the hospital, made the presentation. Mrs. Betty McKinnon is in the foreground. Over 100 members attended the dinner, held in the Mirror Room at Melody Lane. Other special guests were Mrs. John Brooke, president, and Mrs. Percy Smith, treasurer, of the Vancouver Chapter. Miss Pearl Barbour, president of the Victoria group, presided.

Joan Bennett Happy Her Daughter To Be Married

HOLLYWOOD (AP)—Here are some of the stories a reporter picks up on the Hollywood beat: William Powell, a whimsical gent, has an entry for the Burlington, Wis., Liars' Club contest. It concerns Ann Blyth, playing the mermaid in "Mr. Peabody and the Mermaid."

"Yep," yipped Bill, "the poor girl swallowed a dogfish while she was swimming in the pool. When we went into a close-up, it started growling. It ruined 28 takes before we got the scene."

Okay, if you don't like that, we'll move along to Lionel Barrymore, apparently an admirer of nature. Asked if he had hogs on his ranch, he snorted:

"Of course not. I have never kept any animal that I'd have to kill."

In this town where mother, hood is not considered an asset to stardom, it's refreshing to meet up with Joan Bennett. The youngest of the Bennett gals makes no secret of the fact that she has three children and is expecting another. (She is, however, trying to keep it a secret from the camera.)

Joan has announced her oldest daughter's engagement and I suggested that some actresses might not be happy to have it noised around about a daughter old enough for marriage. "Nonsense," she said blandly. "Any woman with a grown daughter should be glad to have her married."

10-SECOND REVIEW

"A Woman's Vengeance" (U-1) is a highly-literate screen play written by novelist Aldous Huxley. It concerns yet another husband accused of murdering his wife and though the plot is familiar, its intelligent treatment is not. Charles Boyer and Ann Blyth are admirable in their grim chores, but Jessica Tandy shines them with an Academy performance.

WHERE DISORDERS RAGE IN ZION

BY ROBERT N. COOL

Violent death in Palestine is like an epidemic. It is a steady drain of lives snuffed out—by sniper's bullet here, by a sudden explosion there, claiming both Arab and Jew.

But periodically this man-made plague descends with special virulence upon a certain city or isolated group of settlements. Just as one victim of a disease may infect another, so political death breeds reprisals, shooting the toll upward as raid follows raid until another locality takes the spotlight.

Unlike the bloodshed in India, the "war of partition" in Palestine has not been marked by vicious savagery. Accounts of massacres and atrocities of the baser sort have been lacking from the Holy Land. Yet since the United Nations General Assembly decided to divide Palestine into two separate Arab and Jewish states last Nov. 29 approximately 1,000 persons have been killed. The projected withdrawal of British troops is being talked up by the Arabs as their signal for an attempt at full-scale military occupation of the country. Such an attempt would

almost certainly mean civil war. So far, four areas have been the chief centres of disturbance in the Holy Land.

Tel Aviv, modern Jewish metropolis in the centre of the coastal plain, and neighboring Arab-dominated Jaffa, is a friction point which erupted as soon as the partition plan was announced. Initial Arab raids into Tel Aviv brought reprisals against Jaffa. Soon a no-man's land of road blocks and sniping posts came into existence between them. "Minority" populations have been exchanged and normal life disrupted where formerly Arabs and Jews worked side by side.

The highway from these two cities to Jerusalem, about 50 miles inland, has been the scene of raids on motor cars and trucks. After several bloody conflicts, a convoy system was established by the Palestine police.

Jerusalem, designated as an international zone under the partition plan, has been the scene of some of the most violent fighting. Here ancient religious animosities, amid the shrines of three faiths, found expression in murder and arson on an extended scale. As a 40-mile-an-hour gale covered Jerusalem with a murky pall of dust, some 1,500 orthodox Jews were besieged in their sector of the old city. Truck convoys, seeking to relieve them, have been attacked by Arab insurgents.

On nearby slopes of the Mount of Olives, Jews set up a new cemetery to shorten the distance for funeral corteges, harassed by snipers. The line from Jerusalem through Bethlehem to Hebron has been wracked by raids and murders. Near Hebron 400 Arabs attacked one group of Jewish communities. They were driven off by British planes and artillery.

Another hot spot is Haifa, Palestine's largest port. Bombings have occurred almost daily. Palestine's northeast corner, where Lebanon and Syria virtually surround a pocket of Jewish villages, has seen the sharpest international complications. Charging that Arab bands were crossing the Palestine border from Syria, Jewish forces dynamited a bridge over the Jordan on the Damascus road. Later Arabs attacked several Jewish settlements outside of Acre, killing several Jews including one American.

With violence widespread, Palestine's 600,000 Jews and 1,200,000 Arabs are looking outside for help in a situation ominous with the threat of real war.

Arabs say they have concentrated a guerrilla force of 20,000 youths in the hills near Nablus. They count on the Arab League's call for active military intervention from the Middle East Moslem nations, and on Britain keep-

Call To Abstain From Alcohol During Lent

TORONTO (CP)—A call to all Roman Catholics of the Toronto archdiocese to abstain from alcoholic beverages during Lent was made Sunday by James Cardinal McGuigan, Archbishop of Toronto. Church members said it was the first time the point had been so strongly stressed in the traditional Lenten appeals.

Reports from elsewhere in the Dominion indicated it was not general. The call from the Cardinal, however, was read from Toronto Catholic pulpits in the form of a pastoral letter and was published in the Canadian Register, church organ, drawing expressions of approval from leaders of other denominations.

It was made almost on the eve of Ash Wednesday, which comes this week.

The cardinal declared in the message that "the ever-increasing consumption of such (alcoholic) beverages together with the growth and spread of so-called 'social drinking' are the causes of serious injury to individuals and to families."

He declared further: "The story of sin and misery directly attributable to excessive indulgence in intoxicants shows the need for united, earnest effort to better the situation."

ADVICE GIVEN
At Winnipeg Most Rev. Gerald Murray, Archbishop of Winnipeg, said no specific appeal to abstain entirely from alcohol in Lent had been made to Winnipeg Catholics. Church officials at Calgary said also that while advice against over-indulgence during Lent might be given there, no specific order regarding drinking would be made. The same sentiment was expressed at Edmonton and Vancouver, where the appeals were particularly to youth.

Cardinal McGuigan's appeal brought immediate support from Rev. C. E. DeMille, D.D., general secretary of the Ontario Temperance Federation, who said at Toronto, "I am thrilled to hear it." Rev. J. W. MacNamara, D.D., secretary of the Presbyterian Church board of administration, said "I would go further than merely abstaining from Lent, but it is a move in the right direction."

The Appeal Court has dismissed the appeal of Tommy Burns, of Vancouver, against a conviction and sentence on a charge of living in part on the earnings of prostitution. Burns was sentenced to three years in the penitentiary by County Judge C. J. Lennox.

COST LESS TODAY than in 1939

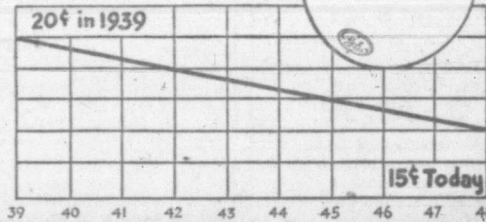

GENERAL ELECTRIC LAMPS

Here is a household necessity that hasn't gone up in price. During the war and post-war years of rising prices the cost of popular types of G-E Lamps has been reduced by 20 to 25 per cent.

Not only have prices been greatly reduced but quality has been improved. The light output per watt is now greater.

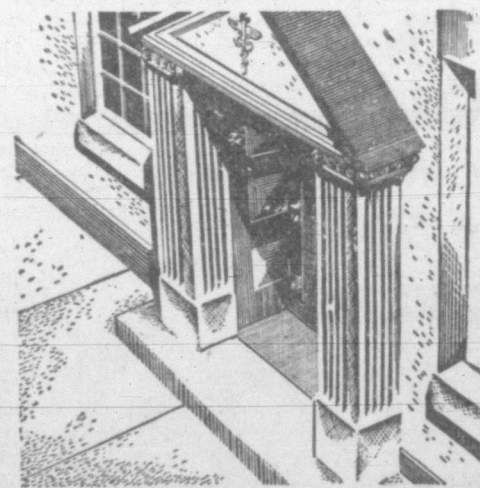

You can be confident that when you buy G-E Lamps today, you buy more light, for less money, than in 1939.

Need For Legislation For Blind To Be Stressed During Campaign

Sunday marked the start of White Cane Week across the Dominion. Sponsored by the Canadian Council of the Blind and the Canadian National Institute for the Blind, White Cane Week is set aside each year in an effort to promote greater public understanding of the needs and activities of blind Canadians.

This year's campaign, in addition to drawing attention to the White Cane and those who carry it, stresses two points—first, the need for improved legislation relative to the blind and, second, the part which all can play in preventing blindness.

The C.N.I.B., in conjunction with the Canadian Council of the Blind, is proposing a six-point plan for improving government legislation pertaining to the blind. The institute and council feel there should be a separate Blind Persons' Act completely divorced from the Old Age Pensions Act under which government aid to the blind is now determined.

"The problems of the sightless young man differ greatly from the problems of old age," Col. E. A. Baker, managing director

Hon. Herbert Anscomb, Minister of Finance, sent: "Very cordial greetings from the capital city of British Columbia" and recalled pleasant memories of the friends and associations made during the visit of the delegation. He added, "I am sure it is good for all of us to meet and blend together and I only regret I am not able to be with you to say personally a word from Canada's premier province."

From Hon. L. H. Eyres, Minister of Trade and Industry, came a message stating that British Columbians would always retain a pleasant memory of the visit. He said: "My hope is that the links of business and friendship between us will be welded together even more strongly with the coming years."

The chairman, in making the

presentations said that Mr. McAdam, Col. Roe and Mr. Reynolds, had accompanied the party throughout the tour, and had rendered outstanding personal services of which it was impossible to speak too highly. He spoke of the spade work put in by Mr. McAdam in the planning of the tour and of his great gift of friendship. The 40 members of the party had lived in the closest association for eight weeks in an atmosphere of good fellowship.

MEMORABLE EVENT

Mr. McAdam, in expressing thanks, said he would look back on the B.C. tour as one of the happiest and most memorable events in his life.

Although some of the films

were still being processed in Canada those available gave an excellent pictorial review of most of the places and production plants visited. There were lively touches of life aboard the Empress of Canada, superb "shots" of the great iceberg which the vessel passed in the Atlantic, and scenes in Quebec, Montreal, Toronto, Niagara Falls, Fort William and Port Arthur. Color films of the Rocky Mountains and pictures in the Okanagan were followed by "shots" of the B.C. mills and of various logging operations seen in the course of the tour of the province. They emphasized the rich resources of British Columbia and the immense scale of its lumber production.

Premier Honored By French Academy

PARIS (Reuter)—Prime Minister King today was elected an associate foreign member of the French Academy of Moral Sciences and Politics.

The Canadian leader succeeded Earl Baldwin, former Prime Minister of Britain, who died last fall.

A Mother's Favourite For Coughs and Colds

For nearly 50 years Dr. Wood's Norway Pine Syrup has been a favourite remedy for coughs and colds. Mothers everywhere know that children like its pleasant taste and will take it without fuss or bother.

It embodies medicinal properties of the pine and cherry barks, skillfully combined with other cold-combating ingredients. It helps to loosen phlegm and mucus, soothe irritated membranes, clear the air passages and stimulate the bronchial organs.

Get Dr. Wood's Norway Pine Syrup at your favourite drug store today.

MOST MOTHERS DO THIS

If Baby Has A Cold

AT BEDTIME rub throat, chest, back with VapoRub. Relief-bringing action starts right away...

WORKS FOR HOURS while child sleeps. Often by morning most distress of the cold is eased.

Best-known home remedy you can use to relieve distress of children's colds is comforting Vicks VapoRub. Even while you rub it on, VapoRub starts to work to ease distress...and it keeps on working during the night. No wonder most mothers do this when a cold strikes. Tonight, try **VICKS VAPORUB**

WAKE UP your DIGESTIVE TRACT

For Real Relief from Indigestion Due to Constipation. Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking something for your stomach if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets lazy, food may fail to digest properly.

What you want for real relief is something to wake up your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively wake up your digestive tract. This permits Nature's own digestive juices to mix better with your food. You get genuine relief from the constipation that is causing your indigestion so you can feel really good again.

Buy Carter's Pills today. See. Wake up your intestinal tract for real relief from indigestion, caused by constipation.

Timber Delegation Holds Reunion In U.K.; Presentations

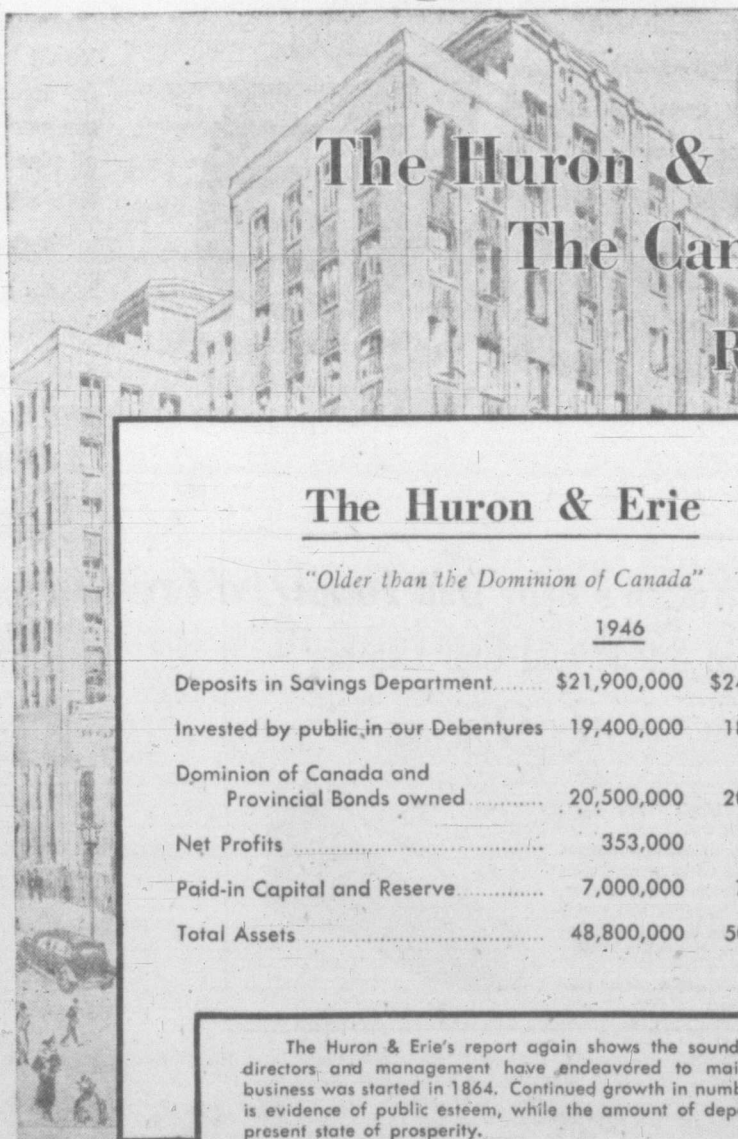

LONDON (Special)—Memories of the U.K. timber delegation's tour of British Columbia in the summer of last year were revived when the members held a reunion dinner at Grosvenor House here, and with their ladies, saw a two-hour film show of the tour.

During the evening a number of presentations were made. To W. A. McAdam, C.M.G., Agent-General for British Columbia, through whom the government's invitation was originally tendered, and to Mrs. McAdam the delegation presented a set of four double-crested Georgian silver candlesticks and a Georgian silver cake dish. R. Douglas Roe, O.B.E., Canadian commercial secretary in London, and Mrs. Roe received an oak writing bureau, date 1750; and a finely figured walnut bureau was presented to P. K. Reynolds, of the C.P.R., and Mrs. Reynolds.

Prior to the dinner, the party attended a reception at British Columbia House, by joint invitation of Mr. and Mrs. McAdam and Mr. and Mrs. Roe, where much interest was shown in photographs taken on the trip by H. I. Hughes of Liverpool.

GREETINGS FROM B.C.

Bryan Latham, who presided at the dinner, read a number of cables from British Columbia.

Sweden Games Champs

ST. MORITZ (CP)—The fifth winter Olympics were ended but the discord of an unprecedented hockey row lingered on today as the athletes, with the exception of the figure-skating contingent led by Canada's Barbara Ann Scott, headed for their homes in 28 countries.

Miss Scott, who became the first Canadian woman to win an Olympic figure skating crown, will defend her world title this week at nearby Davos, competing against much the same field she whipped last week.

Canada made a creditable showing in the games finishing ninth with 24½ points. Thirteen of the 28 countries failed to score a point.

While Miss Scott's victory in the women's figure skating had been taken for granted days before the games began Jan. 30, the biggest surprise of the Olympics was the outstanding victory the Dominion scored in the hockey. The R.C.A.F. got 10 of the Dominion's points, Miss Scott 10 more, four were for a third place in the mixed pairs figure skating and a quarter of a point for speed skating.

Canada's third place in the mixed pairs came when Suzanne Morrow and Wally Distelmeyer, both of Toronto, placed third behind world champions Micheline Lannoy and Pierre Baugnot of Belgium.

Frank Stack of Winnipeg got the quarter-point for Canada by finishing in a four-way tie for sixth place in the 500-metre speed skating.

Injuries plagued the ski team with the result that Canada failed to place in that section.

Sweden won the majority of honors during the 10 days of competition. The United States finished third in total points.

The United States provided an unexpected heroine in Mrs. Gretchen Fraser, winner of the women's special ski slalom and second in the alpine combination ski event.

FRENCHMAN STARS

France's Henri Oreiller was the star individual performer, winning two first places in downhill skiing and the alpine combined. But long after these performances are forgotten, the tug-of-war over which of two American hockey teams should represent the United States will be remembered.

The United States Olympic committee hockey team came, saw, and remained just tourists in this picturesque alpine resort.

Its rival, the Amateur Hockey Association of America, was accepted as the United States entry by the Swiss Olympic Committee. The A.H.A. team played in the nine-team tournament, and finished fourth behind Canada, Czechoslovakia and Switzerland. This fourth place, however, will never show in Olympic records.

Competition was intense. Only 12½ points separated Sweden from fourth-place Norway in the Canadian Press team tables based on 10-5-4-3-2-1 points for the first six places.

The final standings: Sweden 82 points, Switzerland 77, United States 73½, Norway 69½, Austria 51, Finland 49, France 39, Italy 25, Canada 24½, Belgium 18, Britain 15, Hungary and Czechoslovakia 10, Holland 6, and Poland 1.

Cleveland 4, Indianapolis 4, Houston 5, St. Paul 4, Omaha 7, Kansas City 2, Pittsburgh 3, Buffalo 1.

Regain Olympic Hockey Championship For Canada

Finishing with an undefeated record, Canada's hockey representatives Sunday won the championship at the Fifth Winter Olympics at St. Moritz. The Canadians finished in a tie with Czechoslovakia but lifted the crown on the strength of a better goal average. From left to right, front row: Murray Dowey, Ted Hibbard, Ova Gravelle, Ab Renaud, Roy Forbes, Pete Lietohnitz, Patsy Guzzo, Ross King; back row: Geo. McFaul (trainer), Andre Laperriere, Frank Dunster, Louis Lecompte, Reg Schroeter, Hubert Brooks, Andy Gilpin, Wally Halder, George Mara, Irving Taylor, Sqdn. Ldr. A. G. Watson (manager), and Frank Boucher (coach).

King Rules Solid Choice To Whip Dan Webb Tonight

TORONTO (CP)—Can sentiment influence a dollar bill? Or are the supporters of Arthur King betting on something more substantial.

The wagering so far has made odds-on-favorite to trounce Danny Webb of Montreal in their bout here tonight for the Canadian lightweight championship.

On the surface it would seem Webb has the advantage. He's beaten King once before. He has far more ring experience. And if the bout goes its scheduled 12 rounds it will be the first time King has fought more than an eight-rounder.

In Arthur's favor are two recent victories—one over Joey Brown, the other over former world featherweight champion Phil Terranova.

Aware of the reception by the fans of these fights, Syl Apps, Ontario Athletic Commissioner, who fined Brown \$250 for his lack of effort and was displeased by the absence of fighting in the Terranova bout, gave Webb and King, both negroes, a talking to Saturday.

Apps told them: "It is a long time since the fans have seen a title fight. They deserve to see something like a championship fight in a championship fight."

Last title fight here was fought 10 years ago when Sammy Luftspring defended his Canadian welterweight championship.

Flyers May Compete In Allan Cup Series

OTTAWA (CP)—The Ottawa and District Amateur Hockey Association decided at a week-end meeting here to recommend to the Canadian Amateur Hockey Association that the Olympic champion R.C.A.F. Flyers be given an opportunity to challenge for the Allan Cup and Canada's senior amateur hockey championship if they so request.

Air Commodore D. E. Maclellan of the R.C.A.F., said last night he believed the airmen would be "glad" to play for the Allan Cup if given the opportunity.

Boston Whips Detroit To Grab Fourth Place

A bob-tailed week-end of only four games in the National Hockey League today resulted in only one change in the standings—Boston Bruins were alone in fourth place and Montreal Canadiens were down in fifth again.

The leading Detroit Red Wings defeated Montreal Canadiens 5 to 3 at Montreal Saturday, while Toronto Maple Leafs were blanked the New York Rangers 3 to 0 at Toronto. On Sunday the Bruins achieved the week-end's only surprise by defeating Detroit 3 to 1, right at Detroit, and the third-place Rangers were held to a 2 to 2 tie at Chicago.

That leaves Wings still enjoying a three-point margin over Toronto, and Rangers now a full 12 points further down in the third spot. Boston is within five points of the Rangers and a game ahead of Canadiens.

The Rangers made good use Saturday of Billy Taylor, acquired from Boston in exchange for Grant Warwick. But the Rangers were up against a fast-skating and hard-checking Leaf outfit and Turk Broda of the Leafs chalked up his fourth shutout of the season. Max Bentley, Gus Morton and Ted Kennedy were the Toronto goalkeepers.

CLOSE STRUGGLE

The Wings didn't have much trouble winning Saturday's game at Montreal, but the Canadiens never quit trying and they were within one goal of the Wings until the final minute, when goalie Bill Durnan was yanked for a six-man Canadian attack that backfired. Detroit's scorers were Rod Morrison, Ben Guidolin, Jim McFadden, Leo Reise and Syd Abel, while Jacques Lacombe scored two for Montreal with Elmer Lach getting the other.

In Detroit's Sunday encounter with the Bruins, Boston was ahead all the way. Pete Babando scored in the first period, Jimmy Peters in the second and Warwick tallied his first goal in a Boston uniform in the third period. Meantime Jim Conacher spoiled a shutout for Frankie Brimsek with his second-period goal for Detroit.

The Rangers lost Rene Trudell for an indefinite period in their game against Chicago. He suffered a skate cut on his left foot in which six stitches were taken.

Bud O'Connor, the league's top marksman, scored first for Rangers but Doug Bentley evened it up before the first period was over. Metro Prystai put Chicago into a 2 to 1 lead but in the third period Bill Juzda got the tying goal.

Funeral Services For Doug Bone Tomorrow

A former star sprinter with the track squad of the Victoria police, an ardent fisherman and hunter, Doug Bone passed away Friday night. Funeral services will be held tomorrow afternoon at 2 at McCall's.

As a member of the police track team Bone registered many victories in meets here at Vancouver and Seattle in 100 and 220-yard events.

Bone played baseball in the old Commercial League. He is survived by a widow and five daughters.

Oak Bay Scores Soccer Victory

An improved Oak Bay soccer squad defeated Saanich Indians 2 to 1 in an intermediate league match Saturday.

Johnny Rice scored the winning goal about six minutes from time, after Johnny Cooper had tied the score for Indians in the second half. Oak Bay led 1 to 0 at half time on a marker by Roy Wells.

Jasper Park Lodge Golf Starts June 11

WINNIPEG—During a western inspection trip, Robert Sommer, general manager of C.N.R. hotels, announced over the week-end that Jasper Park Lodge will be open on June 11 for the summer tourist season. He believes summer resort hotels will be faced with another year as large and heavy as 1947, judging from advance reservations.

An indication of this is that already there is a long waiting list of applications for places in the annual Jasper Park Lodge Totem Pole golf tournament, won last year by Bing Crosby.

"A feature of the golf season at Jasper," he said, "will be the opening of three new holes which will take some of the pressure off the course for those who wish to play nine holes only. These are standard holes of great beauty. We will also have a greatly improved watering system for the course."

Victoria Athletics Get Kubiak In Baseball Trade

Victoria Athletics today added an experienced player to their roster for the 1948 Western International League baseball campaign in the person of Lou Kubiak.

Business manager Reg Patterson announced over the week-end Kubiak had been secured by the A's in a trade with Salem Senators for pitcher Tony Kilura last season with Ventura of the class C California League.

Legion-Oak Bay Meet In Football Playoff

Canadian Legion and Oak Bay will meet in a playoff for second-half honors in the Victoria and District Football League. Held to a 1 to 1 deadlock Sunday by Esquimalt, the Oak Bay eleven wound up the regular schedule tied for first place with the Legion eleven. Winner of the playoff will engage Victoria West, first half leaders, in the final series for the league title.

Opening match of the Mc Gavin Cup competition Saturday saw the Legion blank the Wests 3 to 0.

Sunday's match saw Oak Bay grab a 1 to 0 lead in the first half and retain it until well on in the second period of play. Offensive strength of both teams was weak with the Bays having a slight margin in the opening 45 minutes play and Esquimalt rallying strongly in the closing stages.

Stan Wiseman's cross from the right wing that goalie Wally Rowe slapped off only to have the ball rebound off one of his own players into the net provided Oak Bay with its only goal after 30 minutes play.

The second half was half an

Portland Cagers In Double Win Over Vancouver

Portland's double win over Vancouver and Tacoma's defeat of Seattle highlighted week-end activity in the Pacific Coast Professional Basketball League.

The Rose City quintette, hopeless tail-enders during the first half race, squeezed out the Canadians 62 to 59 Saturday night and applied a 73 to 61 crusher Sunday to draw into a second-place tie with an even 3 to 3 record for the second half. Big Noble Jorgenson, Portland centre, led the victors yesterday with 26 points. Vancouver's Norm Baker hit 15.

Tacoma came from behind in the final period to dump Seattle. Ernie Endress hit 18 points in leading the Tacomans to their first win of the second half.

Seattle goes up against pace-setting Bellingham in the northern city in tonight's only scheduled contest.

LEAGUE STANDINGS

	W	L	Pct.
Bellingham	3	1	.750
Vancouver	2	2	.500
Portland	3	3	.500
Seattle	1	2	.333
Tacoma	1	2	.333

Foul Bay Scores Win In Senior Puck Tilt

Foul Bay squeezed out a 2 to 1 victory over J.B.A.A. Argos in a senior roller hockey game at Stevenson Memorial Park yesterday. Civil Service and Oak Bay fought to a 1 to 1 overtime draw in the other senior fixture.

In a junior clash Beacon Hill blanked J.B.A.A., 2 to 0. Juvenile games were canceled.

Church Basketball Results, Schedule

Results of Church Basketball League games this week saw Oak Bay United defeat Christ Church, 40 to 18, and First Baptist edge St. John's Anglican, 23 to 22, in junior tilts.

St. Saviours won from First Baptist, 38 to 26; First Baptist swamped Evangelicals, 36 to 9; St. Saviours walloped St. John's, 64 to 20, and First Baptist and Oak Bay-United fought to a 30 to 30 tie in intermediate games.

Schedule for this week follows: Junior boys—Feb. 10, Christ Church at St. John's Anglican; Feb. 14, First Baptist at Oak Bay.

Intermediate boys—Feb. 10, Evangelicals at St. Saviours; Feb. 11, Oak Bay at St. John's; Feb. 12, Evangelicals at St. John's and Christ Church at First Baptist.

CUP FIXTURE

In a match marked by plenty of rough play and stiff body checks Legion shut out the Wests Saturday. After gaining a 2 to 0 lead in the first half Legion added a third counter in the final 45 minutes.

Although they were kicking with the advantage of the wind in the first half the greenshirts finished two goals down as the result of a pair of penalty kicks taken by Midge Pennington. Twenty minutes after the second half opened Al Heggie made it 3 to 0 with a drive from well out that goalie Bill Prior failed to hold.

Legion introduced two new players, Tommy Weldon at left back and Bert Oxley on the forward line, and the additions both turned in creditable performances.

Canada's Flyers Defeat Swiss And Bad Refereeing For Title

Snead Ties Course Record To Capture Texas Open Golf

SAN ANTONIO, Tex. (AP)—Golf's touring brigade head for Harlingen, Tex.—next stop on the winter tournament trail—today, minus Sammy Snead, the leading Virginian, who pocketed \$2,000 first money in the Texas Open then went home to figure out his income tax.

All other stars were in the field going down into the tip of Texas for the Lower Rio Grande Valley Open, which like the Texas open, which was finished here Sunday, is \$10,000 event.

Snead tied the record for Brackenridge Park course at 72 holes as he won the Texas Open by two strokes over smiling Jimmy Demaret of Ojai, Calif., finishing with a three-under-par 68 for a total of 264. Ben Hogan of Hershey, Pa., entry in the tournament here until he disqualified himself because he considered that he had violated a scoring rule, set the record in 1946. Hogan will be at Harlingen when the Lower Rio Grande Valley Open starts Thursday.

Eagles Increase Soccer Lead With Win Over Heaney's

Eagles first division juvenile soccer eleven took a strange hold on the league title yesterday by edging Heaney's, 1 to 0, on a first-half goal, by Ron Pearce.

Heaney's put on terrific pressure in the second half but could not break through for the tying marker.

Pearce, Douglas and Wright played well for the winners with Sillars, Wilkinson and Walker being the pick of the losers.

In the other first division match Margold defeated Esquimalt 3 to 1. Stranaghan counted two goals for Margold with Henn scoring the third. Smith scored for Esquimalt. Bertrand in the Esquimalt nets saved two penalty kicks.

Veterans of France walloped Quarter Cab, 9 to 0, in a second division game Saturday with Bobby Rowe scoring three goals. Bob Allen with two, Berkyn Hodges, Ken McIntyre and Allan Blair scored the others.

In another second division tilt Jubilee Pharmacy whipped Esquimalt 10 to 1. St. Louis College blanked Esquimalt Transfers, 5 to 0, and Balmoral Thistles shutout Burnside 6 to 0 in fifth division matches.

Church Basketball Results, Schedule

Results of Church Basketball League games this week saw Oak Bay United defeat Christ Church, 40 to 18, and First Baptist edge St. John's Anglican, 23 to 22, in junior tilts.

St. Saviours won from First Baptist, 38 to 26; First Baptist swamped Evangelicals, 36 to 9; St. Saviours walloped St. John's, 64 to 20, and First Baptist and Oak Bay-United fought to a 30 to 30 tie in intermediate games.

Schedule for this week follows: Junior boys—Feb. 10, Christ Church at St. John's Anglican; Feb. 14, First Baptist at Oak Bay.

Intermediate boys—Feb. 10, Evangelicals at St. Saviours; Feb. 11, Oak Bay at St. John's; Feb. 12, Evangelicals at St. John's and Christ Church at First Baptist.

City Chess Members Defeat Chilliwack

Victoria City Chess Club members retained the Gonnason Cup, donated for play between chess clubs of the province, by defeating Chilliwack club representatives, six games to two, in a challenge match here Saturday night.

Results, with Victoria players mentioned first, follow: J. Hobson 0, C. Carroll 1. J. Baines Lewis 1, C. P. Perry 0. Dr. J. M. Ewing 1, H. Banman 0. C. D. H. Moore 1, B. Boyd 0. A. G. Moody 1, J. Buhr 0. F. W. Plant 1, G. Culbert 0. F. Stratholt 0, H. Lowther 1. F. Fanstone 1, J. Wilson 0.

Indianapolis 1, Springfield 1. Buffalo 1, Hershey 5. St. Louis 1, Cleveland 1. Providence 6, Philadelphia 4.

ST. MORITZ (CP)—The R.C.A.F. Flyers Sunday overcame the handicaps of slushy ice and partisan refereeing to defeat Switzerland 3 to 0 and regain for Canada the Olympic hockey title lost at Garmisch-Partenkirchen, Germany, in 1936.

The airmen ended the nine-country round robin tournament in a first-place tie with Czechoslovakia but a superior goal average hoisted the Maple Leaf to the top of the flagpole as the fifth Winter Olympics drew to a close.

The team which few in the Dominion gave much chance to succeed went through the tournament unbeaten to give Canada her second championship in the Winter Olympics—writing the name of the Flyers alongside that of Barbara Ann Scott, women's figure-skating champion.

Murray Downey, 22-year-old blonde netminder from Toronto, registered his fifth shutout in eight games and Wally Halder, the team's top scorer during the games with 21 goals and eight assists, fired the shot that proved the winner early in the first period.

Patsy Guzzo added the second Canadian goal in the middle period and Reg Schroeter made it 3 to 0 before the midway mark in the third period as the Canadians clung grimly to their lead.

During the second and third periods the partisan Swiss crowd, taking exception to some of the referee's decisions, hurled snowballs at the Flyers.

FAVORED SWISS

The ice conditions and the refereeing were so bad that at times the game threatened to develop into a farce. The officials, Eric de Marcewicz of Britain and Van Reychoot of Belgium, were pointedly in favor of Switzerland, some of the latter's decisions being almost unbelievable.

Halder tried to check a Swiss player at one point but fell flat. The Swiss player also went down. Halder was thumbed off for five minutes by Van Reychoot—"for tripping and interference."

Later Heinrich Bolter, Swiss defenceman, cross-checked Thomas (Red) Hibbard, who fell heavily to the ice. Both players were sent to the penalty box. Near the end of the game during a scramble in front of the Canadian goal Bolter punched Dowey in the face but was given only a two-minute penalty.

"We played eight men—the Swiss players and the referees—and still beat 'em," said Cpl. George McFaul, R.C.A.F. trainer. Halder's goal, scored less than five minutes after the game began, was the neatest of the tournament.

He literally ran over the slushy ice, traveling the length of the rink to fire a low corner shot which the Swiss goalkeeper managed to kick out. Three Swiss jostled him but he grabbed the rebound and fired again. The netminder deflected the puck behind the net and Schroeter returned it to Halder, who though still hemmed in by three rivals banged it in.

RECEIVE MEDALS

With Mara as team captain standing on the top step of the rostrum, the Flyers were presented with gold medals by Marcel Heninger, chairman of the Swiss Olympic Committee.

In the dressing-room they gave three cheers and a big tiger for Coach Frank Boucher and for Halder, whom they voted "the best forward in Canada."

In other tournament games today, last day of the 10-day Olympic program, Czechoslovakia defeated the United States 4 to 3 to gain the tie with Canada; Britain defeated Italy 14 to 7, and Sweden trimmed Poland, 13 to 2.

Canada and Czechoslovakia wound up with seven victories and one tie apiece for 15 points, but the Flyers took the title under International Ice Hockey Federation provisions that the team with the higher goal average wins in event of a tie. To obtain the average the I.I.H.F. divided the goals scored by Flyers (69) by the goals scored against them (5) to obtain a quotient of 13.8. Czechoslovakia's quotient was 4.3.

FRANK KLAUS DIES

PITTSBURGH (AP)—Frank Klaus, 61, former world middleweight boxing champion, died yesterday.

Klaus won the middleweight title at Paris March 5, 1913, when he was fouled by Bill Papke in the 15th round. The championship was taken away from Klaus by George Chip on a fifth-round knockout the following December in Pittsburgh.

'Y' Skiing Party Marooned At Forbidden Plateau Enjoy Plight

Temporarily marooned, following a five-foot fall of snow at Forbidden Plateau Saturday night, 29 members of the Y.M.C.A. ski party were reported today to be enjoying their plight with some of the best skiing of the season.

The skiers who left here Friday night expecting to return late last night were snowed in at the up-land resort by the heavy fall of snow and cut off from transportation and telephone communications.

However, the skiers are comfortably quartered at the Forbidden Plateau Lodge and there is no cause for alarm for their well-being, Bob Morrison, program director of the Y.M.C.A., said today.

First word of the plight of the local skiing enthusiasts came in a telephone call from one of the lodge proprietors who snowed out from the lodge to telephone Mr. Morrison.

A government snow blow is on the way to aid the party and Mr. Morrison expects the group to arrive back in the city some time tomorrow.

Meanwhile the skiers, not adverse to having an extra day's sport at the expense of the weather, are having the time of their lives, Mr. Morrison said.

As snow fell today the S.P.C.A. made an appeal to citizens to feed birds which will find it more difficult to obtain food because of weather conditions.

Dean Spencer H. Elliott will be guest speaker at St. George's Church, Cadboro Bay, congregational banquet to be held Tuesday at 6.30 at Terry's.

Accidents Caused By Greasy Roads

Greasy roads caused by this morning's snowfall resulted in several accidents in this area, but no injuries were reported.

At 9.25 Constables Alex Nichol and Jack Perry, of the city police, attended an accident at Trutch Street and Fairfield Road and reported that a car proceeding south on Trutch in charge of Judson Archibald, 66 Howe Street, was in collision with another proceeding west on Fairfield, driven by William H. Golby, 2169 Crescent Road.

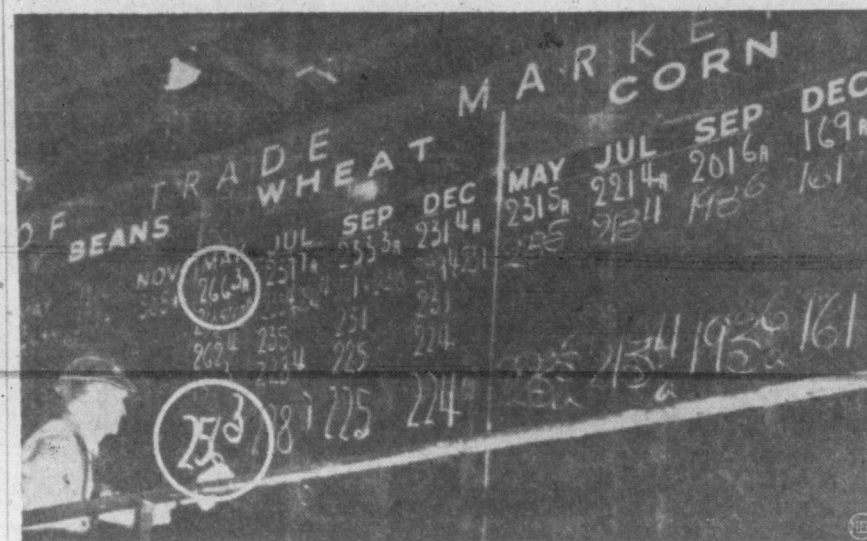

The Archibald car went off the road and damaged the front fender and hedge of Mrs. P. G. Caverhill's property at 1147 Fairfield.

At 10.05 cars in charge of William Angus, 2546 Shelbourne St., proceeding west on Pandora Avenue, was in an accident with an auto going the same direction on Pandora, in charge of J. Stanley Bell, 2120 McLaren Avenue, at Camosun Street.

In Saanich this morning one car went into a skid and turned over on its side. The driver was uninjured and the damage to the vehicle was light.

S. Alfred Jones, 777 Blanshard Street, has written the Mayor's office expressing disagreement with a suggestion of voluntary aid for completion of the arena. He recommends that a private bill be secured from the Legislature and that an omnibus contract be offered for the arena completion by a private firm.

Speculating On Cost-Of-Living Drop

Quotation marker at the Chicago Board of Trade chalks up 256.3 (bottom circle) as Friday's low in May wheat as grain prices continued to tumble on the commodity market. Government regulations prohibit a price change of more than 10 points a day; note Thursday's close, 266.3, circled at top of column. The continuing major market break had experts speculating as to whether it meant the end of inflationary food spiral.

Plunging Chicago grain prices which have resulted in the chipping of a few cents off the retail cost of some groceries in the United States, were being closely watched by local food retailers today.

Although the majority were reluctant to express an opinion on what affect the U.S. market break would have on Canadian commodities, the sharp slump in grain values caused retailers to speculate as to whether it meant the end of the inflationary food spiral.

Oats which were selling at \$3.05 a case, dropped to \$2.90 cents in Victoria today, but retailers were unable to say if the price slump was the result of the

tumbling grain prices. Feed also went down about two weeks ago. There appeared to be no change in food prices, but some retailers expected a change within a week or two. "We are in the dark," said a food expert. "We are awaiting word from large whole salers in eastern Canada."

WITHIN FEW MONTHS
One wholesaler predicted there would be big price cuts on the majority of food commodities within a few months. However, others believed if there were any price changes they would be relatively small.

One retailer said that food from now on would start to go down. "The lifting of price control was a good thing," he said. "It brought back competition and it can only have one effect—a decrease in food prices which are now much too high."

In Seattle, there was a definite reduction of prices on food products. Some chain stores have slashed the price of 50-pound sacks of flour 48 cents. Lard and bacon wholesale prices also dropped three cents in the last week. Egg prices have also showed a seasonal reduction.

Elsewhere in the United States, the four important staples of the American diet—bread, flour, lard and some porks cuts dropped in price today.

A spokesman for one Chicago food chain explained why the slump in wheat prices was reflected so swiftly in retail prices cuts. "The food situation is highly competitive and we have to act fast for this reason," he said.

Alex Gillespie Dies In Hospital

Alexander Gillespie, native son of Victoria and well known as a businessman and sportsman, passed away at 4.30 this morning in the Royal Jubilee Hospital. He was 67 years of age.

The son of George Gillespie of Boggar Park, Lanarkshire, he was educated at Loretto School in Scotland. He returned to Victoria and took a position with the Bank of Montreal in 1898, leaving this work in 1902 to study surveying. He was qualified as a British Columbia land surveyor in 1907 and practiced as such until 1913 when he took up farming in East Sooke.

He joined the firm of Gillespie Hart & Co. Ltd. in 1929 and was appointed manager in 1932. He retired from active participation in the firm one year ago, but retained his directorship.

A sportsman all his life, Mr. Gillespie played cricket, golf and rugby. He played for the Victoria representative rugby team from 1898 to 1907 and was a member of All-Canadian team which toured England, Ireland, Scotland and Wales in 1902-03.

He was a member of the Union Club and the Victoria Golf Club.

He is survived by his wife, Rose, at the family residence, 1972 Fairfield Road; four daughters, Mrs. J. W. Anderson, Hong Kong; Mrs. G. B. Barnes, Crofton, V.I.; Mrs. G. Gaisford, in England, and Mrs. Herbert (Hammond), also of Crofton.

Funeral will be held Wednesday, the cortege leaving the residence at 3 for St. John's Church, where the service will be conducted by Rev. George Biddle at 3.15. Interment will be in the family plot at Ross Bay. Funeral arrangements are in the hands of Hayward's Ltd.

George Ozard Dies

George Ozzard Ozard, 59, suddenly passed away Sunday at the family residence, 1002 Caledonia Avenue.

A resident of Victoria for the past 38 years, Mr. Ozard was connected with the customs department here for 35 years, was a member of St. Andrew's Masonic Lodge No. 49, A.F. & A.M., and the Victoria Rotary Club. Funeral service will be held at Sands' Mortuary Wednesday at 1.30, Rev. George Biddle officiating.

3 Plead Guilty To Store Frauds; Two More Suspects

The three persons charged in city police court Saturday with securing goods from David Spencer Ltd. by falsely representing themselves as customers with credit coin numbers pleaded guilty before Magistrate H. C. Hall in the same court today and were remanded to tomorrow.

The city police detective office, which is in charge of Det. Sgt. Henry Jarvis while Insp. Harry Mercer is attending the Regina R.C.M.P. college, reports it has two more suspects in the frauds against the department store. One of the latter pair is already in police hands.

Mariam Haycock, Roy Munday Fisher and Edward McRae are the three who entered pleas of guilty today for individual offences in connection with the false pretenses.

City prosecutor C. L. Harrison gave the court the outline of the circumstances in connection with each charge. Mariam Haycock, he said, somehow became apprized of a certain coin number and secured a wrist watch valued at \$46.02. Employing the same method McRae obtained a three-piece dresser set valued at \$51.75 and Fisher a woman's coat worth \$75.

It was learned today from store officials that the value of articles received by all persons involved in the frauds was \$2,400.

3 File Nominations For Saanich Poll

The Saanich Feb. 23 provincial by-election, which brought announcements of seven persons that they would contest the polls, today had brought only three official candidates.

Of the seven who had announced they would contest the by-election two later withdrew. Robert Brydon, returning officer, reported today the following had filed:

Colin Cameron, C.C.F., Thomas Nixon, Independent Farm Labor, and W. R. Smith, Democratic Party of Canada.

The two others who will be candidates and are already campaigning but have not yet filed their nomination papers, are Arthur J. R. Ash, who will carry the Coalition standard, and Maj. A. H. Jukes, who has announced that he will contest the by-election as an independent Social Credit.

Deadline for filing nomination papers is Tuesday afternoon.

News of the Island

F. Reed Again Heads Cowichan Hall Board

LAKE COWICHAN — Frank Reed was re-elected president of the Lake Cowichan Community Hall Board, at the annual meeting, held at the home of Mr. and Mrs. William F. Grosskleg.

J. Bailey was elected vice-president; Mrs. W. F. Grosskleg, secretary, and Trevor Green, auditor. On the board of governors are Mrs. David Madill, Mrs. Verne Weaver, Arthur Howe and Archie Greenwell.

All clubs and organizations of the district have been asked to send a delegate to the community club meetings. A new lighting system will be installed shortly and the hall painted, members decided. Improvements to the heating system were also suggested.

Financial report for 1947 and including January, of 1948, showed a balance of \$715. Receipts for the year 1947 were \$2,330 and disbursements included \$928 for hall improvements.

Speaks At Metchosin

METCHOSIN — Robert Macnicol, Canadian Legion's public relations officer for British Columbia, will address the Metchosin Branch of the Legion at a meeting in the Community Hall here, Tuesday night at 8. All veterans have been invited to attend.

A. J. Duggan Heads Metchosin Legion

METCHOSIN — A. J. Duggan was elected president of the Metchosin Branch of the Canadian Legion at the annual meeting here.

Others elected were: R. J. Weir, vice-president; W. H. House, secretary-treasurer; C. Lewis, L. Milligan, W. Beckingham, S. Rams and Jack Rockliff, executive; J. A. Milligan, treasurer of Benevolent Fund; A. J. Duggan and L. Milligan, delegates to Zone Council; M. J. Blackwood and J. Rockliff Sr., finance committee.

Mr. House reported that the branch had had a successful year with finances in a satisfactory condition.

Langford Fire Brigade Gets New Truck

LANGFORD — Langford volunteer fire brigade received a new truck on Saturday which will be converted within 60 days for a fire engine, in accordance with specifications of the Board of Fire Underwriters.

The trustees of the fire prevention area have a 500-gallon-per-minute pump on order.

An additional number of men and youths will be required to assist with the new equipment. Eight men at present belong to the brigade and plans are to raise the strength to 15. The volunteers meet for practice and instruction under Fire Chief Rodney Bayles, Monday nights, in the fire hall.

LANGFORD CARD PARTY

LANGFORD — First card party under the auspices of Prince Edward branch and Women's Auxiliary of the Canadian Legion was held here in the clubrooms. Bridge, whist and cribbage was played, with Mrs. C. A. Carnegie, Mrs. T. Norman and N. Baxter winning prizes. Mrs. R. Fraser was general convener.

Pro-Rec Classes

Esquimalt Community Centre, 1123 Colville Road, will start Pro-Rec classes for senior boys and young men at 7 tonight.

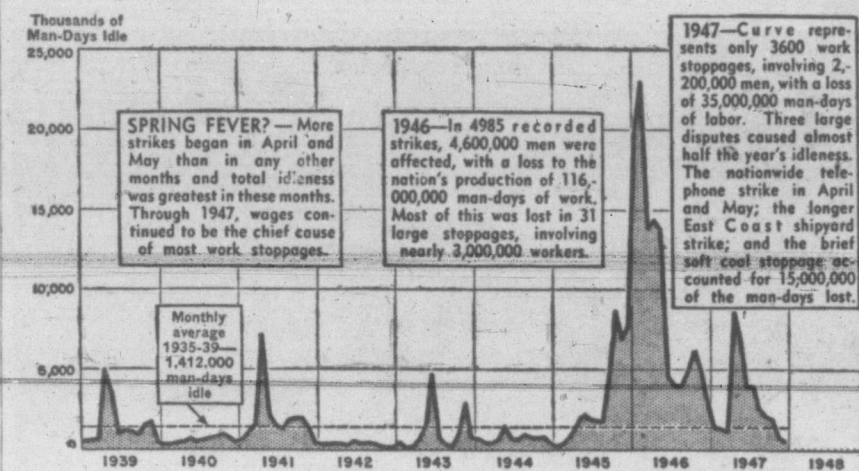

Under the leadership of an experienced instructor, the program will include such things as organized sports, boxing and wrestling if desired, P.T. and tumbling.

All men and boys interested may enroll on Monday night or any afternoon at the Centre before 5.

Senior girls' and women's classes are held every Wednesday evening at 7. Dancing instruction is included with the regulation P.T. and sports program.

Further information regarding either of these sessions can be obtained from Mrs. E. Brindley, director of the centre, at G 3050, any afternoon.

Lost Man-Days In U.S. Took Big Drop In 1947

Preliminary estimates indicate that last year's work stoppages were only one-third as great as in 1946, only about half as many workers were involved and the man-day loss to production was reduced by two thirds. Graph above, from U.S. Bureau of Labor Statistics, charts the trend of idleness due to strikes since prewar 1939.

Munich Woman Says She Plans To Marry Kuhn

FRANKFURT (AP)—A blonde Munich woman of 32 declared she is engaged to Fritz Kuhn, former Nazi leader in the United States who escaped last week from a German prison. She added: "I hope to marry him soon."

Talking by telephone from Munich to a reporter here, Miss Hedwig Munz backed up a story quoting her to that effect in the U.S. army newspaper Stars and Stripes.

Kuhn, former leader of the German-American Bund in the United States, escaped last Tuesday from Dachau German internment camp, where he was being held for a denazification trial. Police of Germany's four occupation zones are hunting him.

He has a wife, 42, and daughter and son, American-educated, who live in a Munich suburb. Miss Munz said she didn't know where he is.

Miss Munz is a snack-bar waitress at the U.S. Air Force's Oberwiesenthal base near Munich.

Stars and Stripes quoted Mrs. Kuhn in its week-end edition as saying in Munich: "My husband has not instituted divorce proceedings, but there is a clear understanding that there will be a divorce."

German Accused Of Eating Sister

Frankfurt (Reuter)—Bernhard Oehme, 65-year-old German of Chemnitz in the Russian zone, was reported by police to have said he killed, cooked and ate his sister, Maria Oehme, 26, Dena, the German News Service, said today.

Maria was missed by relatives in mid-January. A search of the Oehme house revealed that meat in pots, buckets and dishes was human flesh.

Maria's head, hands and feet were found in the cellar. Oehme, it was stated, had cut his sister's body to pieces and had eaten the heart, liver, kidneys and parts of the flesh from the ribs and had boiled oatmeal in the human soup.

He said he intended to make soup with the remains.

During his detention, Oehme was said to have asked police to bring human flesh to his cell. Oehme had been acquitted of a previous murder charge because of lack of evidence.

REAL RELIEF from CATARRH SINUS and ANTRUM TROUBLES

Gentlemen: "I am writing to tell you how delighted I am with Lantigen 'B' and what it has done for me, as I have been a great sufferer with Sinus trouble, had it for years. "I've taken one bottle and am starting another. It has had a great effect on me and I seem to be feeling quite different. The Sinus trouble seems to be improving. So I cannot praise it too highly as I am very pleased with the splendid results obtained from this treatment and you may publish this letter if you care to."

Mrs. J. M. N. Alast

Thousands suffering from the distressing symptoms and wretched discomforts of these complaints have succeeded in winning real relief - thanks to Lantigen "B".

CATARRH

Charles Barber, 432 Elm St., Vernon, B.C., says: "I am nearing the end of my second bottle and I am still improving. I can now hear without my hearing aid inside the house, but need it outside because of the distance. The discharge has stopped."

Get real relief with Lantigen "B" Dissolved Oral Vaccine.

Mass Adult Education Needed To Preserve Peace, Says Hutchins

TORONTO (CP) — Chancellor Robert M. Hutchins of the University of Chicago in an address here called for a reformation in educational methods "so drastic as to be a revolution" to enable citizens to cope intelligently with international problems.

He told the Secondary School Teachers' Federation that the task of the present generation is to establish a peace which could no longer be regarded as an "interval between wars." The kind of things to be understood today could be comprehended only by educated adults. Yet the present educational system offered "essentially a vocational training program."

"It is imperative today that we enter now, with the aid of all the devices which technology has given us, upon a program of mass adult education such as we have never dreamed of," he said. "One such program is the Great Books program by which schools, colleges, universities and libraries

are forcing adults to consider fundamental issues through the study and discussion of the great books of the western world."

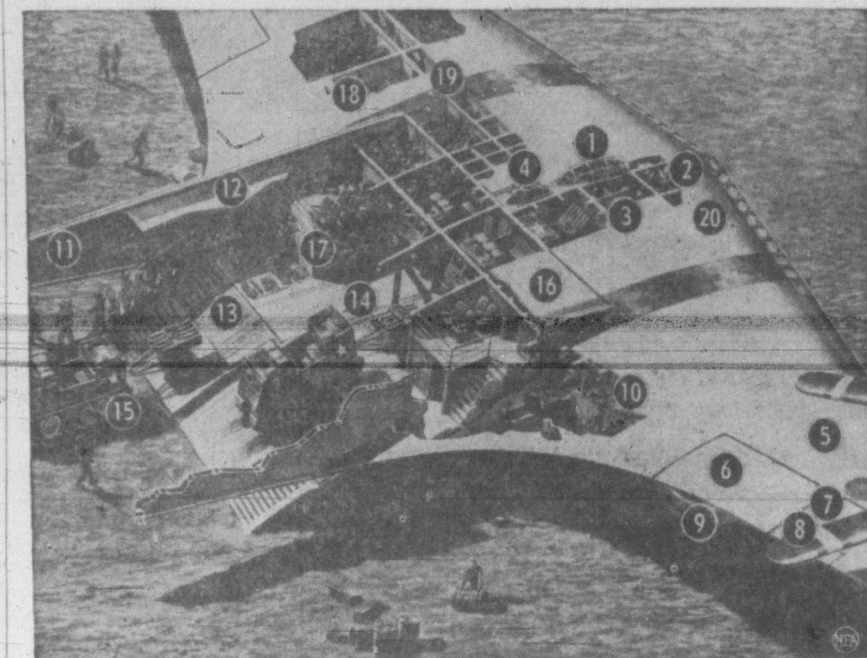

He expected that within five years some 15,000,000 would be in the study groups which read and discuss the classics, especially the great philosophers of the past.

WOULD BE ALTERNATIVE

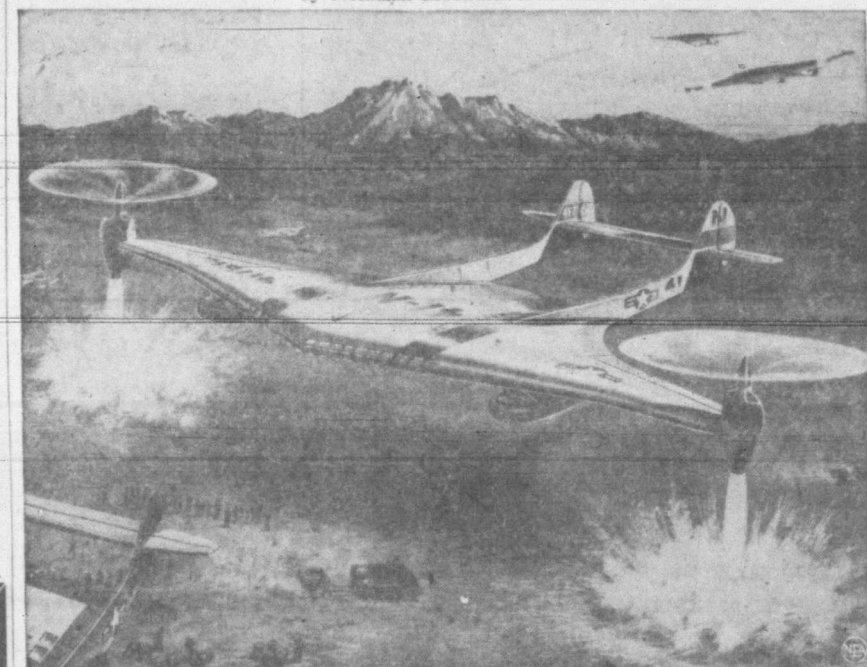

Dr. Hutchins said he had "no illusion" the program would avert war, but he considered it an alternative to "liquor, the movies and radio and running around in second-hand cars to catch a glimpse of the country between billboards."

"We now have reached the point where the bad character, or even the monetary carelessness, of the human race may lead to its extermination by the tremendous discoveries which the human intellect has achieved," he said. "Our difficulty is not get more knowledge or more goods, but to do the right thing with them when we get them."

400 Can Ride 'Flying Wing' Jet Helicopter

Above is a cutaway view of the huge "flying wing," jet-propelled helicopter recently proposed to the U.S. congressional committee investigating air safety. With jet-powered rotors at the wingtips, its sponsors claim it could carry 400 persons in greater safety than present transports. Numbers indicate: (1) control station; (2) navigator's bridge; (3) crew bunks; (4) remote-control guns; (5) fuel tank section; (6) landing flap; (7) alleron; (8) six-blade rotor; (9) landing pontoon; (10) cargo holds; (11) tail boom; (12) opened wing; (13) lowered ramp; (14) centre hold; (15) personnel carrier; (16) troop quarters; (17) lower quarters; (18) upper quarters; (19) transverse corridor; (20) officers' quarters. Below is artist's conception of the huge craft in flight. Sketches (Copr.) by Mechanix Illustrated from NEA.

Pacific Gale Took Lives Of 5, Sank Fish Boat, Grounded Ship

ASTORIA, Ore. (AP)—A gale that battered shipping off the Pacific Northwest coast and took the lives of five seamen during the week-end died down today.

Winds up to 75 miles an hour and mountainous seas imperilled some 160 men aboard eight vessels, grounded a freighter, swamped and sank a fishing boat and damaged others.

Injuries were numerous among fishermen and sailors in the storm area.

The gale, born off the Aleutians last Thursday, reached full fury Saturday and early Sunday. Waves now have subsided and the weather bureau said the southwester would blow itself out sometime today. Winds were down to 25 to 30 miles an hour velocity.

CUTTER RESCUED 6

Six crew members of the fishing boat Fearless were rescued by the Coast Guard cutter Balsam early Sunday eight miles off Tillamook Rock, Ore. They had survived a night-long battle with seas that swept away the pilot-house, flooded the engine room and injured one sailor.

Their rescue followed a SOS and a series of radio messages from Skipper Cliff McCroskey at the height of the Pacific's fury. When it seemed certain his 82-foot craft was sinking, he radioed: "I don't mind losing the ship, but hate to lose a good crew." Later he added: "If I don't see you guys any more—happy sailings."

Safely towed ashore Sunday, McCroskey's attitude, typical of fishing fleet veterans, was: "We'll unload our catch of fish, get patched up and be heading out again soon."

Four fishing vessels, a small Puget Sound mail boat and the tankers Tidewater and J. L. Hanna were battered by the

storm and the freighter Colorado grounded in Coos Bay, Ore. It was refloated at high tide Sunday.

Of the five seamen drowned during the week-end, three were Canadians whose fishing craft sank off the northern tip of Vancouver Island.

The other two were Americans. Crew member Jack O'Brien, 55, of Portland, was swept overboard from the tanker Tidewater off Cape Flattery, while Peter Anderson of Astoria was drowned when a dinghy capsized at the south of the Columbia.

Opposition Names Committee Heads

OTTAWA (CP) — John Bracken, Progressive Conservative leader, at the week-end announced names of chairmen of committees of the federal opposition set up to deal with various phases of party policy.

J. T. Hackett of Stanstead, Que., who represented the party in the Canadian delegation to the General Assembly of the United Nations last year, will head the External Affairs committee, while two deputy chairmen have been appointed to assist Mark Semm of Haldimand, Ont., chairman of the agriculture committee. J. A. Ross of Souris, Man., and John Charlton of Brant, Ont., will be western and eastern deputies respectively.

Other committee heads follow: Reconstruction, Howard Green, Vancouver South; Veterans' Affairs, A. J. Brooks, Royal, N.B.; Trade and Commerce, J. H. Harris, Toronto-Danforth; Dominion Provincial Relations, J. G. Diefenbaker, Lake Centre, Sask.; Finance and Taxation, J. M. Macdonnell, Muskoka, Ont.; Publicity, Karl Homuth, Waterloo South, Ont.; Social Security and Housing, Donald Fleming, Toronto-Eglinton; Defence, G. R. Pearkes, V.C., Nanaimo; Natural Resources, J. R. MacNicol, Toronto-Davenport; and Labor, A. L. Smith, Calgary West.

Entries Sought For B.C. Dance Festival

A British Columbia dance festival will be held this spring in Vancouver. It is sponsored by the Vancouver Civic Ballet Society and will be conducted along the same lines as the music and drama festivals. It is hoped to make this an annual event in order to stimulate interest in dancing throughout British Columbia.

Dates are April 21, 22 and 23. This will fit in with the Dominion Ballet Festival which is being held in Winnipeg in May, and it is hoped that one of the winners here will be able to represent the province in the Dominion competition. Adjudicators from out of town will be brought here to do the judging.

Entries will be accepted for all types of dancing, both solo and group, and there will be a special award for the best choreography. Further particulars may be obtained from the Vancouver Civic Ballet Society, Suite 36, 1080 Gifford Street, Vancouver.

Gromyko Relays Uganda Complaint

NEW YORK (CP)—Britain's territorial reorganization for Kenya, Uganda and Tanganyika, about which a Uganda tribesmen's complaint has been relayed to the United Nations by Russia's Andrei A. Gromyko, turned out to be a three-part common set-up started last Jan. 1.

An East African high commission would be the executive organ; a central assembly would have legislative and budget powers and scheduled (administrative) services would operate in common.

The three areas would retain their governmental distinctions but would possess such existing common services as an anti-locust campaign, civil aviation, income tax, postal and telegraph, research, fisheries and defence and projected common services in customs, information, meteorology, radio communications, railways, harbors and higher education.

Visitors From U.S.A. Assured Welcome On Holiday Tours

United States visitors to Canada will not be affected by Canadian import restrictions or foreign exchange regulations, D. Leo Dolan, director of the Canadian Government Travel Bureau, announced here today. "Canada is prepared, more than ever before, to welcome millions of United States vacationers this year," Mr. Dolan said, "and they will enjoy the usual high quality of Canadian goods and services at prices generally lower than in the United States."

Emphasizing that tourists' vacation equipment will be admitted to Canada under the same regulations which previously applied, Mr. Dolan said, "a bona fide tourist or cottager may bring with him into Canada for his own personal use any article previously allowed, even though its import is prohibited to Canadians. Canadian Customs officers, Mr. Dolan added, "will offer every assistance in expediting the few border formalities."

"For goods shipped forward to his Canadian address, and not brought in with the visitor, an import permit should be secured from the Emergency Import Control Division in Ottawa," explained Mr. Dolan.

In regard to foreign exchange regulations, Mr. Dolan pointed out that United States currency is accepted from visitors everywhere in Canada at the official par rate. "Visitors from the United States who offer United States currency in payment may receive change in United States currency. When a visitor leaves Canada, Canadian banks are authorized to sell him up to \$20 in United States funds," he said. "No permit is needed by the visitor to take out foreign or Canadian funds up to the amount he brought in, less the expenses of his trip."

The Canadian Government Travel Bureau has written thousands of United States citizens who come to cottages in Canada every year, explaining that the new Canadian exchange controls will not complicate their vacation plans.

What's in this Annual Report to Interest me?

"... our Company at the present time is in the strongest position in its history."

—President E. G. BAKER
101st ANNUAL MEETING

1947 was a great year for Canada Life policyholders.

Our field representatives arranged more new protection for people in all walks of life than in any previous year.

Living policyholders received an average of about \$60,000 every working day.

Here are some additional highlights of the year's operations:

Insurance in Force (excluding Annuities)	\$1,096,877,362
New Insurance (excluding Annuities)	119,322,359
Gain in Insurance in Force	94,746,608
Total Assets	367,448,771
Gain in Assets	17,700,193
Paid to policyholders and beneficiaries	24,552,867
Interest earned	3.81%

A summary of the 1947 results will be mailed to all policyholders

'The Big Sleep' On York Screen

It's been a long time between takes, as the saying goes, if you count yourself among the millions who have been waiting to see Humphrey Bogart and Lauren Bacall together again. But be of good cheer. The screen's most sensational couple are back on the screen today at the York Theatre in the Howard Hawks production, Warner's exciting screen version of Raymond Chandler's "The Big Sleep."

Johnny Weissmuller In Tarzan Picture

Johnny Weissmuller, who made an unequalled record by setting 67 world swimming marks before becoming the screen's most famous "Tarzan," plays the ape-man role for the 11th time in Sol Lesser's newest thriller, "Tarzan and the Huntress," now at the Atlas Theatre. Brenda Joyce and Johnny Sheffield again are co-starred with him in the new vehicle, which deals with the invasion of "Tarzan's" peaceful jungle by an unscrupulous party of big game hunters. The ape-man's efforts to protect his animal friends and drive the invaders out lead to the exciting happenings of the film, which was directed by Kurt Neumann and released by RKO Radio pictures.

Where To Go Tonight

(As Advertised)

ATLAS—"Tarzan and the Huntress," starring Johnny Weissmuller.

DIESEL ENGINES MODERNIZE RUSSIA'S RAILROADS—A Diesel-powered passenger train, operating in the Caucasus region of Russia, stops at the Yevlakh station. The train runs between Baku and Tiflis, in the Soviet's oil centre. It is designed to function over the rough, mountainous terrain.

Industries Making Use Of Skills Learned In Wartime

By Canadian Press

Technical skills learned during the war are proving their value in Canadian peacetime production and enabling firms to tackle manufacturing jobs which otherwise would have been impossible for them.

Industrial know-how, however, is not acquired quickly, and ordinarily comes with generations of men raised in the workmanship and tradition of a craft.

Accordingly, it has not been simply a matter of teaching Canadian workmen, but also of importing trained personnel for key places. This, plus native North American mechanical aptitude, has put Canada in a good position to fend her way in world markets.

ASSEMBLY LINE PROBLEMS

One Canadian manufacturer, who makes both heavy equipment and light consumer goods, commented recently that he could compete in price, as well as quality, with U.S. production in lines not mass-produced.

Assembly line products, however, are another matter. Where a Canadian company may produce 40,000 units a firm in the U.S. may produce 400,000 because of the large domestic sale it can make in the Republic. This enables it to knock down its production costs.

Plea For Armed Force To Back Partition Moves In Palestine

LAKE SUCCESS, N.Y. (AP)—A strong and urgent plea for a United Nations armed force today was reported ready for the final approval of the Palestine Partition Commission.

The five-member commission was said authoritatively to have agreed on the vital sections of the document. Members hoped to approve the final draft today and speed it to the Security Council.

There are hints the council will be pressed to begin debate on the report without delay.

The Assembly last Nov. 29 approved a plan to partition Palestine into Jewish and Arab countries. The Arab countries of the Middle East violently oppose partition. The commission after a month's study was said to feel that force must be gathered to back it up.

This is the task of the Security Council, sole organ of the U.N. specifically instructed to preserve peace.

May Head U.S. Air Board

President Truman is reported to have asked George P. Baker, above, professor of transportation at Harvard University, to head the Civil Aeronautics Board.

Movie Actors Opinions Differ On Academy Awards

By BOB THOMAS

HOLLYWOOD (AP)—Are Academy awards accurate selections of the best film work of the year?

This question is often heatedly debated in Hollywood, particularly now that the 1947 awards are not far off. A number of performers were asked for their opinions and nearly all had positive beliefs on the topic.

Dick Powell—"Too much credit goes to top-budget, star-studded films. There's no excuse for not creating a good picture when a couple of three million bucks is spent on it. The Academy should consider low-budget pictures which turn out to be good."

Joan Bennett—"It might be fairer to split up the awards more and give them for such things as the best musical and the best comedy. But that would detract from the impressiveness of the dramatic picture winner."

NOT TO THE DESERVING

Ronald Reagan—"Awards don't go to the most deserving work. The Academy membership falls for the tremendous publicity build-ups studios give their contenders. I think an impartial board, made up of a cross-section of the industry, might give fairer decisions."

Lionel Barrymore—"I most emphatically believe the present system is the best possible. Who could be better qualified to choose the industry's best work than professional actors and technical people?"

Alexis Smith—"Too often awards go to performers who just missed an Oscar the previous year. Even though they turned in a lesser acting job the next year, they get the Oscar as a consolation prize."

NOT CAPABLE

Jack Carson—"I don't believe the Academy membership is capable of the best critical judgment. Fairer awards could be made by a group like the New York critics' circle, professional critics aloof from studio pressure."

Fredric March—"The present Academy system is the best possible method, as far as the Pulitzer or Nobel awards. Deciding the best picture is not too difficult, but naming the best performance is trading on shaky ground. Acting should not be competitive."

'13 Rue Madeleine' Showing At Rio

Murder, mayhem, burglary, forgery and numerous other extrajudicial activities, severely frowned upon by the forces of law and order, were routine subjects of study in Boston, during the filming of Twentieth Century-Fox's action-packed drama "13 Rue Madeleine," which opens today at the Rio Theatre.

In classrooms, ex-burglars taught the actors the latest and most efficient means of house-breaking; experts in dealing out sudden death explained the subtle techniques of strangling, poisoning, and knife-wielding; and kidnapers betrayed the secrets of their trade.

ROYAL THEATRE

Anyone looking for a swash-buckling adventure yarn picture, equally backgrounding a passionate triangle of two sisters after the same man will get his money's worth and more at the Royal Theatre, where M-G-M's new Lana Turner starring vehicle "Green Dolphin Street," is now playing.

It is easy to see how this Elizabeth Goudge novel of fiery romance in St. Pierre, colorful Channel Island seaport of the 1840's, and rugged New Zealand, was selected as the winner of M-G-M's first annual contest for the outstanding novel of the year, for it contains everything in the way of spectacular entertainment.

Bergen, McCarthy In Disney Film

Edgar Bergen figures prominently in Walt Disney's musical feature, with color by technicolor, "Fun and Fancy Free" released by RKO Radio and now being shown at the Capitol Theatre.

The Bergen proteges Charlie McCarthy and Mortimer Snerd vie with Mickey Mouse, Donald Duck and Goofy in a panorama

of rollicking adventures. In a complementary escapade, a little runaway circus bear, Bongo, encounters violent love and shivery freedom in the pine wilderness. Little Jimmy Cricket enjoys a role as co-ordinator of merri-merriment. Two giants offer respective menace in the kindred tales: "Mickey and the Beanstalk," and "Bongo." Songs by Dinah Shore and choruses amplify the picture's visual enchantments. Luana Patten, Disney's starlet, reflects the stories' excitement with her eight-year-old, elfin charm.

Rallying Grains Prop Slow Market

NEW YORK (AP)—Rallying grains propped stock market sentiment to some extent today although many leaders failed to respond and dealings were among the slowest of 1948 to date.

Quotations slipped after a modest forenoon advance and fractional irregularity ruled near the close.

Canadian issues were higher. Canadian Pacific, Dome Mines and Hiram Walker were up 1/4. Distillers Seagrams held unchanged.

Boardroom attention was given Canadian trade figures which indicated that the Dominion finished last year with a trading debit with the United States of around \$918,700,000 compared with \$496,700,000 for 1946. Due to Canada's new ban on certain purchases, December imports from the United States were \$5,000,000 less than in the 1946

month and about \$33,000,000 under the November aggregate.

Dow Jones Averages:

30 Industrials — 169.82, up .03

20 rails — 50.13, up .09

15 utilities — 32.30, up .06

65 stocks — 61.39, up .06

Total sales, 650,000.

Fractional Losses Shown In Papers

MONTREAL (CP)—Trading was extremely light on the Stock Exchange and Curb Market today and prices were about mixed. Mines were irregularly lower in quiet dealings.

Fractional losses were in the majority in the paper list. In utilities, Winnipeg Electric declined one point and Shawinigan 1/4. Seagrams was 1/4 better in beverages, but Canadian Breweries lost 1/4. B.A. Oil and Imperial Oil were down minor fractions in oils.

Toronto Averages:

20 Industrials — 161.51, off .45

10 base metals — 86.14, off .31

15 western oils — 32.31, off .06

Total sales, 688,000.
